COUNCIL FOR THE BOROUGH OF DUNMORE

HELD:
Monday, June 10th, 2019

TIME:
7:00 P.M.

LOCATION:
DUNMORE COMMUNITY CENTER
1414 Monroe Avenue
Dunmore, Pennsylvania

COUNCIL MEMBERS:

MICHAEL DEMPSEY, President

THOMAS HALLINAN, Vice President

MICHAEL MCHALE - absent

CAROL SCrimalli

VINCE AMICO

THOMAS EHNOT - absent

MICHAEL HAYES

THOMAS P. CUMMINGS, Esquire, Solicitor

TIMOTHY BURKE, Mayor

MARIA McCOOL, RPR
OFFICIAL COURT REPORTER
(Pledge of Allegiance.)

ATTY. CUMMINGS: Mr. Amico.

MR. AMICO: Here.

ATTY. CUMMINGS: Mr. Dempsey.

MR. DEMPSEY: Here.

ATTY. CUMMINGS: Mr. Ehnot. Mr. Hayes.

MR. HAYES: Present.

ATTY. CUMMINGS: Mr. Hallinan.

MR. HALLINAN: Here.

ATTY. CUMMINGS: Mr. McHale. Mrs. Scrimalli.

MS. SCRIMALLI: Here.

ATTY. CUMMINGS: Mayor Burke.

MAYOR BURKE: Here.

ATTY. CUMMINGS: Public Comment on agenda items.

MR. DEMPSEY: Anyone like to address Council tonight regarding agenda items only at this time?

(No response.)

MR. DEMPSEY: Seeing none.

ATTY. CUMMINGS: Item number four is a motion to approve the minutes.
MR. DEMPSEY: I'll look for a motion.

MR. AMICO: I'll make that motion.

MR. HAYES: Second.

MR. DEMPSEY: I have a motion and a second. Anyone on the question?

(No response.)

MR. DEMPSEY: All those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: Item number five is a motion to approve the and pay the open bills.

MR. DEMPSEY: I'll look for a motion.

MR. HALLINAN: I'll make that motion.

MR. DEMPSEY: Do I have a second?

MS. SCRIMALLI: I'll second.

MR. DEMPSEY: I have a motion and a second. Anyone on the question?

(No response.)
MR. DEMPSEY: All those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: Item number six is a motion to appoint five members to the Shade Tree Commission staggered five year term. The term expiring 12/31/21, Alison Longo; 12/31/22, Harry Kirias; 12/31/23, Dennis Ross; 12/31/24, Michael Ruddy; and 12/31/25, Amanda Zilla.

MR. DEMPSEY: I will look for a motion.

MR. HAYES: I'll make that motion.

MS. SCRIMALLI: I'll second that.

MR. DEMPSEY: I have a motion and a second. Anyone on the question?

(No response.)

MR. DEMPSEY: All those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)
MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: Item number seven is personnel matters, 7A is the hire for the 2019 Summer Recreation Program pending background and child abuse clearance reviews:

Hannah Bonin, Max Burke, Antoinette Cantarella, Kayleigh Carey, Emma Coar, Ross Cordaro, Hannah Earley, Lauren Grippi, Nora Haggerty, Katie Hilson, Anna Hubshman, Layla King, Mariana Leo, Elizabeth McNeff, Alexis Mercado, Allie Olivetti-McLaine, Megan Pavlowski, Emily Pinto, Aleah Schulte, Mackenzie Senatore, Hannah Sheehan, Nick Stanco, Lisa Tallo, and Anna Talutto.

MR. DEMPSEY: I'll look for a motion.

MS. SCRIMALLI: I'll make that motion.

MR. HAYES: Second.

MR. DEMPSEY: I have a motion and a second. Anyone on the question? Quickly on the question, these are students of Dunmore high school and former students of Dunmore High School that apply to help run our summer
program here at the DCC, Sherwood Park, and St. Anthony's Park. They help the teachers also that you'll hear get hired later regarding programs, different sorts of games and arts and crafts and things of that nature. That being said, all those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: 7B is to hire for 2019 Summer Recreation Program Counselors as follows:

Kyle Dougherty, Michael Ehnot, Ryan Ehnot, Mark Finan, Lindsey Lorince, Allison Mendola, Michael O'Malley, Scott Pagnotti, Elizabeth Stefanski.

MR. DEMPSEY: I'll look for a motion.

MR. HALLINAN: I'll make that motion.

MR. DEMPSEY: Second?

MR. HAYES: Second.

MR. DEMPSEY: I have a motion and a
second. Anyone on the question? Again, quickly on the question, these are the supervisors or camp counselors that again are split between the DCC, McHale Park, Sherwood Park, and St. Anthony's split pretty much evenly depending on the need of, you know, most kids come here.

There is only a few that go to St. Anthony's. So they will be split based on need in order to supervise. That being said I will look for -- all those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: Next item is to hire the following for 2019 Seasonal Grass Cutting Program: Keenan Brazil, Alec DeSando, Thomas Dougherty.

MR. DEMPSEY: I'll look for a motion.

MR. AMICO: I'll make that motion.

MS. SCRIMALLI: I'll second that.
MR. DEMPSEY: I have a motion and a second. Anyone on the question? Again on the question, these three are Dunmore students. They apply and are hired again, seasonal for summer employment. They go around cutting grass on abandoned properties, weeds, things of that nature on properties that we get complaints on, among other things cleaning storm drains and leaves and things of that nature. Anything else, Joe?

MR. LORINCE: Schautz Stadium.

MR. DEMPSEY: Schautz Stadium, McHale Park. They do everything. So all those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: Item number four is to hire part-time police officers based on the need of Dunmore Police Department: Nelson A. Morales, Brandon Muta, and Raymond J. Kosciuk.

MR. DEMPSEY: I'll look for a motion.
MR. HAYES: I'll make that motion.
MR. DEMSPEY: Second?
MR. HALLINAN: I'll second it.
MR. DEMPSEY: Motion and a second.

Anyone on the question?

(No response.)

MR. DEMPSEY: All those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and so moved.

ATTY. CUMMINGS: Item number eight is Public Comment commencing with Gerard Hetman, Lackawanna County.

MR. HETMAN: Good evening folks,
Gerard Hetman from Lackawanna County Community Relations. First a few policy related items.
The first I should note that our Area Agency on Ageing distributes this to all the senior centers including here in Dunmore right away.

So it's already on the wall over there. That is our farmer's market voucher distribution schedule. This program in past
years where seniors meet certain eligibility
criteria can get up to four vouchers for
redemption at local farmer's markets.

There is a schedule. Is it right
there. And I have some dates here also on a
release. So we'll leave that information.
Second item goes with the third item also, we
are now part -- our department of Lackawanna
County Flood Risk Coalition.

It involves several county
departments working in conjunction with the
federal and the state management agencies.
Both coalition is to raise awareness of the
dangers of flooding both to obviously someone's
health and well being in flood emergency but
also in terms of insurance and preparing
property for potential dangers of flooding.

So we have a handout here about the
program. We direct through the county website
for coalition. It has a lot of great
information on it, very interactive, several
mapping tools that the public could use and are
easy to use and free and lots of good info. So
please check out our information here, very
useful and lots of good details.
On that note, our county's Planning and Economic Development which is also part of the coalition will be holding a flood plan management technical assistance ordinance update workshop. It's taking place on Tuesday, June 25th at the County 911 Center, 1 p.m. to 3 p.m. It's run by Mary Liz Donato who works in that department. Many of you know her.

Please, if someone from the Borough could attend, it's a great opportunity to learn more about flooding ordinances and related information which will be a hot topic for this year and next year. So anyone who would like to attend on behalf of the Borough would be more than welcome.

We also have the county's Disability Action Committee workshop coming up in that same time span, again, Thursday, June 27th at the Hilton Hotel and Conference Center in Scranton. There is a special workshop as part of this program for municipalities who want to learn more about compliance with the Americans with Disabilities Act.

It's the first time we've seen anybody do this type of training. They are
very excited about it. They do have a
presenter coming in from the MidAtlantic ADA
Training Center out in Maryland to run the
training. So check it out if you can, great
information, really good stuff to know for
everyone here involved with the borough
government.

And there is a session later that
day for private businesses, particularly
restaurants it focuses on later. Morning
session is dedicated to municipal governments
specifically for you.

And then on a Parks and Recreation
note, our Senior Fun Day comes up this Friday,
June 14th, 10 a.m., to 1 p.m., at McDade Park,
really just an open house at the park.
Everything is free for seniors that attend
including the coal mine tour. And also we have
lots of refreshments, giveaways, and really
good entertain and lots of free food.

So come out, seniors especially.
Anyone that defines themselves as a senior
citizen is welcome. So please come out and
enjoy it. We have our summer trolley excursion
schedule from the Electric City Trolley Museum.
There's a variety of trolley excursion times that run every day.

But there are some special characters that appear on there during the summer, including Spiderman, Mickey and Minnie Mouse and several of the Frozen movie characters. In the winter you get Santa Claus and Spring you get the Easter Bunny.

This is what the trolley museum does on demand, very popular. And if you want to participate, try to ride those, get reservations to ride those because they do book up.

Next Saturday, June 22nd, is our annual Bike Safety Fair at McDade Park. We do have our helmet entry blank here. I'll leave this if anyone still wants to enter one you can do that. Typically we have deadlines in the past. We accept them up to a couple days out from the event. So I'll leave that.

And just also some other information, our 3 on 3 basketball tournament, July 26th through the 28th. All of four family fun dates co-inside with the Bike Safety Fair.
And we'll also leave some information for Penn State's College of Health and Human Development. They are looking for families to participate in a children's health study out at University Park. They asked us to pass this around if we could. That's all we have. Thank you, ladies and gentlemen.

MR. DEMPSEY: Thank you, sir.

MS. SCRIMALLI: Thank you, Gerard.

ATTY. CUMMINGS: Gary Duncan, Neighborhood Watch.

MR. DUNCAN: 117 Barton Street.

Just very briefly, I know everybody got the minutes from the last neighborhood watch meeting. Joe, thank you for the responses. I appreciate it.

And just, everybody, a week tonight on the 17th we'll have our monthly neighborhood watch meeting at 7:00 in this room. So thank you very much.

MS. SCRIMALLI: Thank you, Gary.

MR. DEMPSEY: Thanks, Gary.

MR. HAYES: Thank you, Gary.

ATTY. CUMMINGS: Other public comment.
MR. DEMPSEY: Anyone else like to address Council tonight? Anybody? Going once, twice? All right.

(No response.)

ATTY. CUMMINGS: Public officials.

MR. DEMPSEY: Mr. Hayes, do you want to lead us off?

MR. HAYES: Wow, sure. Thank you, Mr. Chairman. I just want to say that I'm extremely excited to obviously have the Summer Rec Program back again for us. As you know, this is something that years ago I was on a stasis and we fought hard to bring it back. So I'm glad to see that we have these programs for the kids.

The numbers keep increasing every year. It's a great program for kids to learn not only interaction but problem resolution skills and how to interact with other kids their age, etc. It's a great thing that I would partake in when I was a kid and I'm glad we're able to do it again this year for the youth of Dunmore.

And I'm also glad to be -- to see that we're going to be putting on some more
part-time officers. I know, Chief, with the
vacations coming up for the police department,
I hope that helps out with the scheduling and
that's all I have, Mr. Chairman. Thank you.

MR. DEMPSEY: Thank you. Vince?

MR. AMICO: I'm good tonight. Thank
you.

MR. DEMPSEY: Okay. Mr. Hallinan?

MR. HALLINAN: I'm good. Thank you.

MR. DEMPSEY: Mrs. Scrimalli.

MS. SCRIMALLI: I just want to thank
everyone for coming. And that's all I have for
tonight.

MR. DEMPSEY: Okay. The only thing
I have is that I don't know if Michael
mentioned it but the Summer Program is going to
start July 1st. They won't be working July 4th
or 5th. And then they'll pick up the week
after that. Vito, when does it run? Is it six
weeks?

MR. RUGGIERO: Yes.

MR. DEMSPEY: Six weeks after July
1st, so whenever that date would be. I don't
have it off the top of my head. But that being
said, thank you all for coming tonight. And I
will look for a motion to adjourn.

MAYOR BURKE: Mike?

MR. DEMPSEY: Oh, Tim, I got better at it. In the beginning of the year I was really bad at it. I apologize. Mayor Burke.

MAYOR BURKE: Yes, I would like to start off with a moment of silence for Lois Kelly. Lois was a councilwoman -- the first councilwoman in Dunmore, real pioneer in Dunmore.

She had her own business here in Dunmore, daycare center. She's a good woman. I would like to have a moment of silence for Lois.

(Moment of silence reflection.)

MAYOR BURKE: Thank you. I have a few issues. I went over some of the streets with Joe during the week. And we were looking at areas where we might be able to put impervious roads. It's something I brought up with Council months ago when I went to the class -- actually years ago when I went to the class on storm drainage.
And Joe also showed me some places where we had a meeting the 29th with American Water at the Borough Building, every month we have a meeting with American Water. And there's areas now where I think and Joe thinks -- I don't know if we agree on everything, but I think just about everything, the park area here would be a good place for a retention pond, I believe.

Schautz Stadium would be a good area. If you take a ride by Schautz Stadium, you'll see a retention pond in the back. It's beautiful. It contains all the water from the field. And pervious pavement kind of works the same way as the Astroturf works there. There's a lot of stone underneath.

It's not the exact same thing, but exact principle where the water goes down into a retention -- goes through the turf, the pavement -- I mean, the rocks, the sand and it goes right into a retention pond in the back which holds probably I don't know how many hundreds of thousands of millions of gallons of water in the back of Schautz.

But I think we can put a retention
pond at the bottom of Blakely Street to help
solve the problem that starts all the way up
the top of Drinker Street. It's one pipe.
That one pipe comes down Drinker Street, goes
through our parking lot which I believe the
Borough own parking lot where Joe made a good
suggestion that would be a very good place for
a tank there in that parking lot.

That would take a lot of the
pressure off the water. That one pipe goes all
the way down to the tank then it goes down to
Scranton. This all floods. The problem is,
they put big pipes from Drinker Street all the
way down to the tank going into the smaller
pipes. So obviously what all that did was make
us flood quicker now.

But if we have a retention pond in
where Schautz Stadium is on the bottom of
Blakely Street, that would reduce a lot of it.
And that would be the start of it. We also
would be helping Scranton out with their
problems with flooding. This all costs money,
of course.

But I think we have to start moving
on this. A good place for a pervious road
would be if you go down the alley behind the
bank there where it floods by Mike's place all
the time, that alleyway. That's what they're
made for is alleyways, not high traffic areas
where you have heavy loads.

That would be a perfect spot and the
parking lot too. They are great for parking
lots. They would eliminate a lot of the rain
problem right there. And we have to start
somewhere. But I think if we form a storm
authority board just to start looking into this
more, a lot things even like rain barrels.

I have two rain barrels under both
of my gutters in the front and the back. And
you wouldn't believe how much that holds. And
when the rain is over, I water my garden with
it. But if every building on that street had a
rain barrel, you just -- the start of the storm
it's saving us all that water that's going into
that one single pipe that goes down Drinker,
goes down Blakely, all the way to the tank.

And then it goes to Scranton. Joe's
idea with a holding tank at the parking lot
that we own at Dunmore Corners is a great idea.
The tank would go underground. Of course this
all costs money. Maybe we can get help from the state. But other areas have done this. Scranton is putting eight tanks in. Dunmore has one up in sport hill. It covers a small area there. But all the places where we're flooding -- and it did alleviate the problem up in sport hill where they flood. The porous concrete or pavement in areas like Shoemaker Street that leads into the same area where Mike gets flooded all the time in his business where the sewer lids just blow off the top because all the combined storm and sewer is in one single pipe, okay?

A porous pavement on just that short street of Shoemaker would help alleviate some of that problem. Joe's idea about putting a tank in at the parking lot that we own underground there, that would help out big time.

MR. DEMPSEY: Tim, can I respond to you?

MAYOR BURKE: Sure.

MR. DEMSPEY: Myself, Joe, Vito, we met with Senator Blake. We met. He came, met us on Jefferson Avenue, Kyle Mullins --
Representative Kyle Mullins met us there. Both of them brought their staff. We met there for over an hour. We took them -- we then went from Jefferson Avenue up to the place where you're talking in front of Mike's business and showed them exactly what the problem was.

Obviously, what we're talking about is extremely costly. We brought up the idea of the retention pond. We brought up the idea of holding tanks. Obviously, we just brought up a lot of ideas. So what we had talked about was and what's going to happen in the next week or so is, we're going to meet with Senator Blake's office and Representative Mullins' office and Pennsylvania American Water all at the same time and sort of try to figure out what the problem is and what the best possible solution to correct the problems.

Once we do that, the funding for it. So hopefully we can get some funding. But all of that is in the works. It's going to take time. At least -- at the very least they've already met us at Jefferson. They agree. They met us down here -- or up at Blakely Street.

They agree that it's a problem.
They are more than willing to try to help. So just so you know that it's either next week or week after we're all going to have a meeting and try to figure out the best possible solution.

MAYOR BURKE: Right. Would I be invited to the meeting?

MR. DEMPSEY: Sure. I'll have Vito send you the invitation.

MAYOR BURKE: Okay. Because I do believe -- I'll tell Senator Blake and Kyle too that same thing that I'm saying now, the same ideas that -- and I know Joe brought them up before that I think could really help. And I know this is going to cost a lot of money.

But it's something that has to be done. And we have to start somewhere because every time we -- I've never seen any place, any kind of construction in Dunmore where the -- I've never seen -- say that water can't -- will be contained. I've never seen it contained, whether it's a new home, a new business.

Maybe we should try to change our ordinance that any kind of new business with a parking lot has to be porous concrete or
pavement because that's what other towns are
doing. Pennsylvania is far behind the rest of
the country. Other towns in Pennsylvania are
doing it.

I know Philadelphia's got porous
alleys. Michigan, all the way up there, they
freeze less because the water goes right into
the ground, okay, so you don't have to worry
about it. They do have to be maintained
though. We have to talk to the right people
and maybe form a commission and just to get
ahead of it.

Okay. That's all I have on that.
I'd also like Council to revisit the ordinance
that I brought up last year, last April and
again this April about the ordinance that they
have in Moosic about the quads. I really wish
Council would revisit that and think it over.

I think it would help us out. I'm
getting more and more complaints about the
quads, adults driving quads, children going
through stop signs, no helmets. They're
illegal. It's a state law. They are illegal
to be on the streets, period. There is more
and more of them every summer.
And if we just revisit. In Moosic they said it's helped them out. If we just even think about it, I ask Council to think about it. Please give me an answer by next month. It's been over a year now that I brought this up. I'm just hoping for an answer either yes or no so I know where we stand on it. And that's all I have for tonight, Mike. Thank you.

MR. DEMSPEY: Thanks Tim. Before I forget, Chris Kearney, is he here?

MR. KEARNEY: Yes.

MR. DEMSPEY: Do you have anything?

MR. KEARNEY: No.

MR. DEMSPEY: Chief?

CHIEF MARCHESE: No.

MR. DEMSPEY: Vito?

MR. RUGGIERO: No.

MR. DEMSPEY: Attorney Cummings?

ATTY. CUMMINGS: No, sir. Thank you.

MR. DEMPSEY: Okay. I'll look for a motion to adjourn.

MR. HAYES: I'll make that motion.

MR. DEMSPEY: Second?
MR. HALLINAN: Second.

MR. DEMPSEY: All those in favor signify by saying aye.

ALL MEMBERS: Aye.

MR. DEMPSEY: Opposed?

(No response.)

MR. DEMPSEY: The ayes have it and we are adjourned.
CERTIFICATE

I hereby certify that the proceedings and evidence are contained fully and accurately in the notes taken by me of the above-cause and that this copy is a correct transcript of the same to the best of my ability.

Maria McCool, RPR
Official Court Reporter
