16	MR. DEMPSEY: Here.
17	ATTY. CUMMINGS: Sorry about that.
18	Mr. McHale.
19	MR. MCHALE: Here.
20	ATTY. CUMMINGS: Public comment on
21	agenda items.
22	MR. MCHALE: Anybody like to speak
23	on any agenda items tonight?
24	(No response.)
25	MR. MCHALE: Seeing none.

	3
1	ATTY. CUMMINGS: Motion to approve
2	the minutes.
3	MR. VERRASTRO: I'll make that
4	motion.
5	MR. HALLINAN: I'll second.
6	MR. MCHALE: I have a motion and a
7	second. On the question.
8	(No response.)
9	MR. MCHALE: All those in favor
10	signify by saying aye.
11	ALL MEMBERS: Aye.
12	MR. MCHALE: Opposed?
13	(No response.)
14	MR. MCHALE: The ayes have it and so
15	moved.
16	ATTY. CUMMINGS: Motion to approve
17	and pay the open bills.
18	MR. NARDOZZI: Mr. Chairman, I'll
19	make that
20	MS. SCRIMALLI: I'll second that.
21	MR. MCHALE: I have a motion and a
22	second. On the question.
23	(No response.)
24	MR. MCHALE: All those in favor

1	ALL MEMBERS: Aye.
2	MR. MCHALE: Opposed?
3	(No response.)
4	MR. MCHALE: The ayes have it and so
5	moved.
6	ATTY. CUMMINGS: Item number six is
7	a motion to approve acquisition of Arc View
8	Software from Environmental Systems Research
9	Institute, Inc., for the Zoning Office to
10	modernize the Borough's mapping system that
11	will link to the Lackawanna County Assessors
12	System.
13	This 2015 version will replace the
14	presently used 1992 version. The Purchase will
15	not exceed \$1,400 which will include a single
16	user license and will be paid for out of the
17	Code account. It does not impact the general
18	budget.
19	MR. MCHALE: I'm looking for a
20	motion.
21	MR. VERRASTRO: I'll make the
22	motion.
23	MR. DEMPSEY: I'll second.
24	MR. MCHALE: I have a motion and a
25	second. On the question.

	5
1	MR. VERRASTRO: On the question,
2	Vito, for the single user license, what does
3	that being that I'm
4	MR. MCHALE: Only one computer.
5	MR. VERRASTRO: Should we have this
6	for more than one computer?
7	MR. RUGGIERO: No. It will be on
8	Joe's computer. If you want it on multiple
9	computers, you need multiple licenses.
10	MR. VERRASTRO: I was just thinking
11	a while back when we were talking about doing
12	it in conjunction with the Tax Office, this way
13	if they were going in or they would know if
14	there was a bunch of liens on the property,
15	stuff like that. Will this system or is
16	this a different system we're thinking about
17	doing now?
18	MR. RUGGIERO: This is just keeping
19	up-to-date with the county. I guess it would
20	benefit if the Tax Office had currently if
21	our Tax Office has any questions they would ask
22	Mr. Lorince. So you could explore that option
23	as well.
24	MR. VERRASTRO: If we are, we can
25	always add it later.

	6
1	MR. RUGGIERO: Absolutely.
2	MR. MCHALE: Anybody else on the
3	question?
4	(No response.)
5	MR. MCHALE: All those in favor
6	signify by saying aye.
7	ALL MEMBERS: Aye.
8	MR. MCHALE: Opposed?
9	(No response.)
10	MR. MCHALE: The ayes have it and so
11	moved.
12	ATTY. CUMMINGS: Item number seven
13	is a motion to advertise RFPs for Design,
14	Content Management and Custom Application
15	Development and Site maintenance of the new
16	Borough website. The project will include all
17	Borough departments, functions, messaging
18	boards, and payment capabilities for user
19	friendly interface with Borough residents.
20	MR. DEMPSEY: I'll make that motion.
21	MR. NARDOZZI: I'll second.
22	MR. MCHALE: I have a motion and a
23	second. On the question.
24	MR. DEMPSEY: Yeah, on the question,
25	this is a request for proposals for those who

7 1 visit our website often or not so often, it's 2 not very user friendly. There's not a lot on 3 there. So this is to get the proposals from different companies to completely revamp, you 4 5 know, hopefully we can pay taxes on it, parking tickets, you know, get our calendar up, get 6 7 minutes up, you know, like that. Vito would 8 have that access to it. So that's what we're 9 looking for with this motion. 10 MR. HALLINAN: Would it also -- on 11 the question here, would it also be able to 12 interact with citizens? Would they have like 13 an area say if they had a complaint or 14 something? MR. DEMPSEY: Anything is possible. 15 16 I don't know a ton about computers. That's why 17 we're requesting --18 MR. RUGGIERO: Councilman Hallinan, 19 on that question the way I envision it is each 20 department would be on the home page of the 21 Borough -- a little bit of history of the 22 Borough and an offsite -- or each department or 23 each office would have their own separate 24 pages, i.e., police department would be able to 25 request reports. If there's a fee, pay for

	8
1	them there, pay parking tickets, pay fines
2	there.
3	Have Council and elected official
4	areas that would be able to get in touch with
5	elected officials, so on and so forth.
6	MR. HALLINAN: Who would be
7	administrator, you, Vito?
8	MR. RUGGIERO: Well, it depends.
9	We're asking for site maintenance and
10	administration cost and how much that would be.
11	I would like the Borough to have an
12	administrator to update on the fly if we needed
13	to and respond to requests and things of that
14	nature.
15	MR. HALLINAN: Thank you.
16	MR. MCHALE: I think it was I
17	know the frustration you had too especially
18	when we were having all the landfill meetings
19	trying to get stuff on to the website. You
20	don't have that capability right now. And that
21	was a huge deal to a lot of the people
22	wanted the stuff it kind of looked like we were
23	delaying getting stuff which it couldn't be
24	further from the truth.
25	MR. RUGGIERO: Well, what sparked

this is I believe Mr. Clark when he and I or 1 2 Mr. Duncan were talking, there was -- I was 3 trying to get the information requested on there and requested it numerous times. 4 And 5 there was a big lull or a big lag in time period that it would show up. This would allow 6 7 the Borough the capability at any point to put 8 up anything that is requested or chosen at the 9 strike of a key. 10 MR. MCHALE: Thank you. 11 MR. NARDOZZI: Vito, it says on the 12 payment capabilities, are we also talking about the property taxes? 13 14 MR. RUGGIERO: Well, the payment capabilities, anything that would be payable to 15 16 the Borough, i.e., property taxes, parking 17 fines, whatever that may be, request for 18 proposal if there is a cost per page, anything 19 and everything would be payable right on line. 20 And, you know, in today's society 21 people like the convenience of their own home 22 doing these things. You know, prime example is 23 Christmas time. They have Cyber Monday I 24 believe it's called. So people like to stay in 25 the comfort of their own homes and do things,

	10
1	so why not offer that amenity not saying
2	we're going to close the Tax Office window or
3	not accept payments at the bank, but just
4	another avenue that a resident could have to
5	explore these possibilities.
6	MR. NARDOZZI: And that's something
7	we've talked about the last several years
8	anyway about doing exploring. Thanks,
9	Vito.
10	MR. RUGGIERO: You're welcome.
11	MR. VERRASTRO: And the way that
12	it's set up though is they are all the things
13	we can potentially do with it. We're not
14	actually doing all of them
15	MR. RUGGIERO: No.
16	MR. VERRASTRO: Because we don't
17	have a lot of things set up to do that.
18	MR. MCHALE: Depending on costs.
19	MR. RUGGIERO: It's going to be
20	costs and this is actually the infancy or
21	inception phase of this. And I would ask for
22	Council's input or anybody else, Borough
23	resident's input what they feel the need to
24	have on there is and we can explore that
25	expense and do that to make everyone's lives

1	easier.
2	MR. MCHALE: Anybody else on the
3	question? I just quickly want to thank
4	Mr. Dempsey for taking the lead on this and
5	putting some work in with Vito to bring it to
6	at least to this point and drawing up a pretty
7	detailed proposal what they're looking for. So
8	thank you guys. All those in favor signify by
9	saying aye.
10	ALL MEMBERS: Aye.
11	MR. MCHALE: Opposed?
12	(No response.)
13	MR. MCHALE: The ayes have it and so
14	moved.
15	ATTY. CUMMINGS: Item number eight
16	is report from Lackawanna County Community
17	Relations Coordinator Gerard Hetman.
18	MR. HETMAN: Good evening as always,
19	ladies and gentlemen, Gerard Hetman from
20	Lackawanna County Community Relations
21	Department.
22	Just the one item that we have
23	that's new this evening and the Borough offices
24	may have already received a letter that comes
25	from our Arts and Culture Department. The

-	
	12
1	County's Municipal Arts and Culture Grant
2	Program is up and running for the 2015 calendar
3	year as normal.
4	And this program I use the term
5	as normal because this has been done over many
6	years now and provides funding for art and
7	culture programming that takes place in this
8	case in the Borough of Dunmore. And that grant
9	could be up to the amount of \$500.
10	Again, we talk about arts and
11	culture programming, it's used in many
12	different projects across that realm in
13	different communities in the county. Some
14	places use it for concert series in one of
15	their parks. Others use it for festivals,
16	sometimes to support an art exhibit maybe in a
17	municipal building or somewhere else in the
18	community.
19	There's a broad range of
20	possibilities. All that we ask is that Borough
21	apply for it at some point during the year
22	because we do like to see the funds used to
23	make a difference in the community. And if
24	anyone needs suggestions, we can get the lists
25	of projects and point to you some examples that

13have been used in the past.2MR. NARDOZZI: One quick question on3that.4MR. HETMAN: Sure.5MR. 12	the only stipulation is that we ask that the
13	application be submitted approximately 30 days
14	before any program could take place.
15	And that just allows time for the
16	paperwork to be processed and for the checks to
17	be cut once it's approved. Again, if there's
18	any hangups or it needs to be refined if you
19	meet the criteria, we can work with you on that
20	to make it correct. So that's all we have.
21	We'll leave a copy of the letter.
22	I think it should have gone to the
23	Borough Building. But we'll make sure we have
24	one here for you just in case. And then also
25	the second one that we have last month

	-
	15
1	Mr. Nardozzi mentioned the county's annual
2	winter golf clinic.
3	That takes place again late February
4	through late March at South Scranton
5	Intermediate School. I do have the flyer for
6	that now. I did drop a few off at the Borough
7	office at his request. But we'll leave the
8	flyer for all of Council to see.
9	That is the first of many programs
10	and leagues and clinics that take place under
11	our Parks and Recreation umbrella during the
12	year. We should have a master schedule of
13	those soon. Normally we have it around this
14	time of the year.
15	So if not now, it will certainly be
16	by your next meeting. And we'll leave that as
17	soon as we have it also. The only other
18	program they have ongoing it's not camp or a
19	clinic. McDade Park has a designated area for
20	the second straight year now for sledding,
21	sleigh riding, whatever you want to call it,
22	saucer riding, etc., etc.
23	And over the years that from my
24	understanding was against the park rules to
25	engage in sledding and sleigh riding. Many

	n
	16
1	individuals did so. And last year our Parks
2	and Recreation Department managed to carve out
3	an area where it's a designated designed slope
4	to engage in again, sledding, sleigh riding,
5	that type of stuff.
6	It's open. It's getting great use.
7	It's completely free. We just ask that
8	visitors obey all the park's rules and
9	regulations in doing so. And, of course, if
10	they come on a snow day just be careful on the
11	roads.
12	Don't take any big risks. But it is
13	open when there is snow on the ground. And
14	that's all we have. Thank you always.
15	ALL MEMBERS: Thank you.
16	MR. MCHALE: Mr. Kearney Chris,
17	real quick. The \$500 grant that he's speaking
18	of, maybe for the Summer Program you do do an
19	arts program within the Summer Program?
20	MR. KEARNEY: Yeah, we did it last
21	year.
22	MR. MCHALE: Did you get the 500?
23	MR. KEARNEY: We got the 500.
24	MR. RUGGIERO: Yes, I got it last
25	year.

1	MR. KEARNEY: I was in contact with
2	Miss McQuigan.
3	MR. MCHALE: Good. All right.
4	Thank you.
5	ATTY. CUMMINGS: Item number nine,
6	Gary Duncan, report from Dunmore Neighborhood
7	Watch.
8	MR. DUNCAN: I'll be real quick.
9	Gary Duncan, 117 Barton Street, Dunmore. Just
10	a few things. I talked to Vito. And I talked
11	to Didge. The lights at 1339 Adams and
12	Ferguson Place and Didge is going to help us
13	out with this one.
14	But Ferguson Place has been out for
15	two months now. 1339 Adams, I drove by there.
16	And it looks like parts of the light aren't
17	even put on. And I just talked to Vito and
18	Didge. So they assured me they would get back
19	to me on this one.
20	I went through there the other day
21	that block on Adams Avenue that is an awful
22	long block. It's real dark in the middle.
23	It's right in front of Miss Shane's house. I
24	saw it on your's too. It's on three or four
25	social pages. I get three or four phone

1	calls
2	MR. NARDOZZI: I just want to let
3	you know that I personally called Urban
4	Electric too about that. I gave them the
5	address. Mrs. Shane contacted me.
6	MR. DUNCAN: I know. Believe me, I
7	know everybody she contacted because I hear her
8	too. But anyway and so thanks, Didge, and
9	thanks, Vito and everybody else. And that's it
10	with the last thing. Vito, thanks for the
11	prompt responses on three pages and then some.
12	And thanks to all of those that
13	helped you do that. We're having another
14	Dunmore Neighborhood Watch a week tonight, 7:00
15	right here. And I certainly hope the weather
16	is better. And I know you Councilman
17	Dempsey has been at the last few.
18	So we appreciate that. But
19	certainly everybody is invited. And also,
20	Gerard, thanks for your card tonight. And you
21	and I have to get together. Thank you,
22	everybody.
23	MR. VERRASTRO: When is that meeting
24	again?
25	MR. DUNCAN: A week tonight, 7:00.

1       MR. VERRASTRO: And also, Didge,         2       that light on Sixth Street, did that ever get         3       taken care of?         4       MR. Because I         7       know that's been out for two months or longer.         8       MR. JUDGE: At least. I talked to         9       them personally.         10       MR. 1	MR. CLARK: Will that be publically

4	Tom, correct? Is a draft copy public?
5	ATTY. CUMMINGS: At Council's

7	MR. MCHALE: I'll send you a copy,

9	MR. CLARK: All right. Great. And
10	then one more update for anyone here and all of
11	Council. It's not related to the actual fee
12	agreement. Friends of Lackawanna is having a
13	public community meeting this Thursday night
14	from 6:30 to 9 in this room.
15	You're all invited. Please attend
16	if you want to. It won't be nothing to do
17	with the fees. It will be about the community
18	and the future and what the pros and cons of
19	the expansion would be. So it's an open
20	community meeting.
21	Everyone is invited. So if you're
22	available Thursday night, please stop by. It's
23	open from 6:30 to 9.
24	MR. MCHALE: Thanks, Pat.
25	MR. NARDOZZI: Thanks, Pat.

1	MR. MCHALE: Anybody else tonight?
2	MS. TEEVAN: I have a quick
3	question. Joanne Teevan, Spring Street. Snow
4	removal, do we have an ordinance of some sort?
5	MR. NARDOZZI: Sidewalks?
6	MR. TEEVAN: Yes.
7	MR. NARDOZZI: Yes, we do.
8	MS. TEEVAN: A couple places come to
9	mind because I walk dogs. The side of Green
10	Street Beverage the Green Street side, I don't
11	think it's been done all winter. And the bus
12	stop across from the Borough Building.
13	MR. NARDOZZI: In front of St.
14	Joe's?
15	MS. TEEVAN: Around the corner,
16	yeah. They do the front. Nobody does around
17	the corner. Some places you're forced out on
18	the street.
19	MR. HALLINAN: If I'm not mistaken,
20	I saw there's a bus stop there that's
21	maintained by the company that I saw them
22	shoveling just the other day because I come up
23	that street.
24	Like, you know where the are you
25	talking the glass enclosure where the people

	22
1	that are waiting for the bus?
2	MS. TEEVAN: Yes.
3	MR. HALLINAN: They were shovelling
4	that.
5	MS. TEEVAN: When you go around that
6	corner, it's usually not done.
7	MR. HALLINAN: Okay, we'll check
8	with St. Joe's to make sure.
9	MR. VERRASTRO: I'm sorry, Tommy, do
10	we own that piece over there the Borough?
11	Isn't there something with the parking lot or
12	do they just let us use that?
13	MR. NARDOZZI: They just let us use
14	that.
15	MR. VERRASTRO: They just let us use
16	that?
17	MR. RUGGIERO: Where on Green Street
18	are you talking about? On the side of
19	MS. TEEVAN: Yes.
20	MR. MCHALE: Adjacent to where we
21	park, Vito, walking into, you know, accessing
22	where they allow us to park.
23	MR. VERRASTRO: It would be from
24	where the parking lot stops to the corner.
25	MR. MCHALE: Anybody else tonight?

	23
1	MR. FAZIO: How are you doing,
2	Council? Andy Fazio. I have a couple things
3	to address tonight about the towing. I was
4	here last year about it. Things improved a
5	little bit. But I had a problem the past two
6	weeks.
7	I had two of our customers come to
8	our shop asking why we didn't tow their car
9	when they broke down in Dunmore. And I guess
10	I'm not going to mention any names. A woman in
11	Dunmore had her car stolen and it was over the
12	weekend. And Dunmore Police recovered the car.
13	I guess they didn't contact the lady
14	to have the car like, they found the car.
15	And DeNaples actually ended up having the car
16	which is neither here nor there.
17	MR. NARDOZZI: Can I answer that
18	real quick for you?
19	MR. FAZIO: Absolutely.
20	MR. NARDOZZI: They are our impound
21	lot. So whenever a car is recovered that's
22	stolen
23	MR. FAZIO: No, I understand that.
24	MR. NARDOZZI: Just so you know I
25	don't know the particulars of what you're

	24
1	talking about. I could just tell you whenever
2	a vehicle that's stolen that's recovered, it's
3	got to be put in a secure area and DeNaples has
4	that because it has to be processed.
5	MR. FAZIO: Right. I understand
6	that. But the one major problem I have was
7	actually on Saturday night a gentleman called
8	me. His car broke down on the corner of
9	Drinker and Field Street. I called my driver.
10	My driver headed up there. And the customer
11	was there. And the Dunmore Police were there.
12	I don't know if it was obstructing
13	traffic or what. But I guess the guy was DUI.
14	Okay, the car broke down there. My driver got
15	there, was in front of the car getting ready to
16	tow the car. He wanted it towed to Brown's.
17	The police officer kicked my driver
18	out of there and told him that he's not allowed
19	to tow the car when the customer told us to
20	come pick up the car. It doesn't matter. The
21	customer has all right to tell
22	MR. NARDOZZI: Not when there's an
23	arrest. Just so you know, not when there's an
24	arrest.
25	MR. MCHALE: Captain Springer, were

	25
1	you saying something?
2	CAPT. SPRINGER: I didn't say
3	anything.
4	MR. MCHALE: Could you please? You
5	can stay there, Bill.
6	CAPT. SPRINGER: First of all, the
7	stolen vehicle I absolutely called her. So
8	that's a fallacy. They give us a house number
9	what they want to call, the cell phone number.
10	We can only call the number that they give us.
11	Absolutely contacted. That's as far as it
12	goes.
13	Now, when we make an arrest, many
14	times we maybe get a search warrant or
15	something for the car. It goes to DeNaples.
16	And it is very pricey. But it does that's
17	where it goes because they have a secured
18	impound facility there.
19	As far as that lady, we did call
20	her. She just it was two days later I made
21	the call personally and so she called two days
22	later wanting to know
23	MR. FAZIO: Right. It was something
24	like that. Right. Yeah, she told us that.
25	MR. NARDOZZI: And, Billy, it's the

	26
1	same thing with a DUI arrest. The car is going
2	to get impounded. The driver does not have the
3	choice of where the car goes. None.
4	MR. FAZIO: Yeah, but that was
5	before the police officers even got there
6	though.
7	CAPT. SPRINGER: I can't second
8	guess what those guys did. That was the first
9	I'm hearing about it.
10	MR. MCHALE: Thanks, Bill.
11	MR. FAZIO: I guess, whatever
12	happened there, you know, the guy broke down
13	and they called us before the cops were even
14	there. And when we got there the police
15	officer was there. Like I said, I don't know
16	if the car was obstructing or what.
17	But the cop was there and told my
18	driver you could leave. We got our own. It's
19	being impounded.
20	MR. NARDOZZI: And it goes right
21	back to what Billy and I said. It's going to
22	be towed and impounded incident to the arrest.
23	That's procedure. You don't have a secure
24	impound lot.
25	MR. FAZIO: Yes, I do.

r	
	27
1	MR. NARDOZZI: Where?
2	MR. FAZIO: We can put whatever is
3	impounded in the garage. Everything is
4	secured.
5	MR. NARDOZZI: DeNaples has been
6	getting all of them whenever there is an
7	arrest. Billy, is there an indoor? Do they
8	have an indoor?
9	CAPT. SPRINGER: Yeah. This
10	particular I don't want to speak out of turn
11	because the Chief is not here. But the one
12	of the issues that came up with the Chief the
13	other day was the cost of that particular car
14	that you were talking about.
15	So he was looking the Chief was
16	looking for some way to defer the amount of
17	money that it costs people to get their cars
18	back. The best thing to do would be to call
19	him and say, hey, listen, what can we do here?
20	MR. MCHALE: Yep.
21	CAPT. SPRINGER: Maybe there is
22	something that you could work out with the
23	Borough that makes it cheaper.
24	MR. FAZIO: Absolutely.
25	CAPT. SPRINGER: I don't know. And

	28
1	I don't want to step on Chief Marchese's toes.
2	MR. FAZIO: No, I understand.
3	CAPT. SPRINGER: He had some issues
4	with the cost and that was what that particular
5	lady had complained about was how much the
6	cost.
7	MR. FAZIO: Yeah, I remember. She
8	came to the garage.
9	MR. MCHALE: Thanks, Bill.
10	MR. FAZIO: I forget what number it
11	even was. But, you know, she did say it did
12	cost a pretty penny.
13	MR. HALLINAN: Let me ask you a
14	question, Billy, just to help this gentleman
15	out. If I was going to have a lot and I told
16	you it's secure, does that mean anything to the
17	District Attorney's Office, the police
18	department?
19	Do you have to do something to
20	inspect that area to make sure, okay, this goes
21	through the hand off of
22	CAPT. SPRINGER: It has to have a
23	lock and key. The good thing with DeNaples is,
24	they could put they put that car inside the
25	building for us. So there's really and it's

29 1 on video. There's no way if someone tampers with that car or the defense or something wants 2 3 to make an accusation the car's been tampered with, we have certifiable chain of custody that 4 this car, you know, been here. And if you had 5 video or whatever, that --6 MR. FAZIO: No -- yeah, we do. 7 But 8 I picked up that car at AAA the next day. 9 Billy, I don't know if they told you what that 10 It was in the Borough wreck area car was. outside. 11 CAPT. SPRINGER: Yeah, because I --12 once I released it, that's where they put it. 13 14 MR. FAZIO: Oh, okay. All right. Ι didn't know if you knew that or not. 15 16 CAPT. SPRINGER: Once we released 17 it, that's where they put it. 18 MR. FAZIO: All right. All right. 19 MR. HALLINAN: Just a suggestion, 20 why don't you put some kind of proposal to --21 MR. FAZIO: I definitely want to put 22 a proposal together to try to make it -- you 23 know, there's two towers in Dunmore -- big 24 towers in Dunmore, DeNaples and Andy's. Why 25 can't we get on a rotating list or something to

_	
	30
1	make it all even to everybody?
2	MR. MCHALE: Since I've been here I
3	know you've been here ten times since I've been
4	sitting here. And I personally made ten phone
5	calls. And I know these guys have as well.
6	Mr. Springer is right.
7	We'll get the Chief together, get
8	you in the room, DeNaples in the room. We'll
9	figure something out. It's tough to sit here.
10	And, Billy, knows what he's talking about.
11	MR. FAZIO: No, I understand that.
12	There's a handful of cops that actually ask
13	people if they have AAA or not. The newer cops
14	they really don't they're under protocol to
15	the Chief call DeNaples which is fine. I
16	understand that.
17	MR. MCHALE: Don't say that the
18	Chief says that because we don't know. He's
19	not here to defend himself.
20	MR. FAZIO: No, I understand that.
21	Whoever, you know, whoever officer is on scene
22	that is has been around the bush a couple of
23	times they know what's going on.
24	MR. HALLINAN: I would also say not
25	to start pointing fingers. But the police also

-	
	31
1	ask who do you want to tow it. And if
2	sometimes, you know, in an accident people are
3	just, oh, my God, just tow my vehicle. So you
4	have the right to whoever you want to tow your
5	vehicle. Let's not make it seem like, you
6	know
7	MR. FAZIO: No, no, I'm not making
8	it seem that way at all.
9	MR. HALLINAN: Oh, I'm sorry. I
10	misunderstood you.
11	MR. FAZIO: I didn't mean it to
12	sound that way.
13	MR. NARDOZZI: Except, Tom, with the
14	exception when there's an arrest involved.
15	They do not have a choice.
16	MR. HALLINAN: I've never met you.
17	I never heard this argument before.
18	MR. FAZIO: We have a secured lot.
19	We have a garage that we can put a vehicle in,
20	you know, if it's impound or it's a recovered
21	theft, whatever the case may be. We have the
22	room to do what we need to do.
23	We've done it before. We can do it
24	again. And if, you know, a gate needs to be
25	put up after we see that we're getting calls

	32
1	that we could actually put a fence up, we'll
2	put a fence up. And it will be all lock and
3	key and no big deal.
4	Our whole facility inside and out is
5	all cameras. So we know who's in there and
6	who's not in there. There's only three people
7	that are allowed in the garage, me, my father,
8	and my brother. That's it. They are the only
9	people that have a key to that place right on
10	Blakely Street.
11	MR. MCHALE: Like I said, I'll sit
12	with Vito tomorrow morning and we'll get the
13	Chief involved, Mr. Springer. And we'll see
14	what we can come up. Unfortunately, that's the
15	best we can do for you. Every time you come
16	here we tell you we make phone calls and we do.
17	MR. FAZIO: I understand.
18	MR. MCHALE: It's just a matter of,
19	you know, we got to keep reenforcing what we
20	ask. And I promise you we will.
21	MR. FAZIO: Thank you.
22	MR. MCHALE: Thank you.
23	MS. SCRIMALLI: Thank you.
24	MR. HALLINAN: Thank you.
25	MR. FAZIO: Thank you.

6 MR. KEARNEY: Nothing. 7 MR. MCHALE: Didge?	6.
7 MR. MCHALE: Didge?	
8 MR. JUDGE: No.	
9 MR. MCHALE: Vito?	
10 MR. RUGGIERO: I just want to let	E
11 Council know and everybody know that we are	up
12 on salt. For the last six weeks we ordered	
13 about 880 ton. They are using it on the	
14 streets and the roads are showing it.	
15 I'd like to thank the DPW and the	9
16 Sewer Authority for Saturday night. They	
17 cleaned the corners of the snow. And that's	S
18 about it.	
19 MR. MCHALE: Attorney Cummings?	
20 ATTY. CUMMINGS: Nothing, sir.	
21 MR. MCHALE: Attorney Dempsey, wo	buld
22 you like to start off tonight?	
23 MR. DEMPSEY: Yeah, you know, jus	st
24 thank the DPW and Sewer Authority for clean	ing
25 that up. It looks great. Didge, glad you'r	re

i	
	34
1	all right. Glad to get that call from you.
2	And, Vito, thank you for putting that RFP
3	together on the website. You did a great job.
4	I appreciate that. That's all I have.
5	MR. MCHALE: Mr. Hallinan.
6	MR. HALLINAN: Nothing, just glad
7	Didge is okay. We've been in touch with
8	PennDOT on that right, Buddy? So we know
9	you're good. That's it. The streets are
10	great. I'm, you know, you're doing the best
11	you could with these little rinky-dink things
12	and now buckle up for the cold weather that's
13	coming this weekend. Thank you everybody for
14	coming. Thank you.
15	MR. MCHALE: Mr. Nardozzi.
16	MR. NARDOZZI: Thank you. Mr.
17	Chairman, just one thing on what Mrs. Teevan
18	brought up something about people not shoveling
19	their sidewalks. And there's somewhat of a
20	minor epidemic in this town.
21	I'm not going to mention a certain
22	businessman, but people came to me in the
23	neighborhood complaining about their sidewalks
24	not being done.
25	And it was addressed. And the

	П
	35
1	response I got back was if I want it done, you
2	do it yourself. So I've instructed Mr. Lorince
3	to move forward with it. Vito is aware of it
4	today. But it is, it's more commonplace than
5	anywhere.
6	I know you picked out a couple
7	places that you saw. But there is more than
8	just what Miss TEEVAN said and what I've seen.
9	And unfortunately our Code Office only has one
10	full time and one part time. And it's tough
11	because there's been a lot going on, especially
12	with the request for proposals.
13	I know they are helping Tom out and
14	Vito. There's so much going on that they can't
15	always get out around town. But what I'm
16	asking for if anyone sees any places, you could
17	call me. I have a forum on Facebook. You
18	could inform me where. And I'll carry the ball
19	and bring to Joe's attention and Vito's
20	attention to have it enforced.
21	I know a lot of people are sometimes
22	afraid to speak out. But I'll be their voice
23	for them and do it. So if you know anyone that
24	they are not shovelling their sidewalks and
25	I've seen it. I've seen a few places. And I'm

-	
	36
1	very surprised at some of the owners of the
2	properties that they are not seeing it through.
3	But just let us know. We'll follow up on it.
4	That's all I have.
5	MR. MCHALE: Thanks, Paul.
6	Mr. Verrastro.
7	MR. VERRASTRO: Just a couple of
8	quick things. Vito and Didge, I don't know
9	with the fire hydrants are we checking to make
10	sure they are cleaned out or are we going to
11	send somebody around to make sure they're
12	MR. RUGGIERO: I could mention it to
13	the Fire Chief if he could send somebody. I
14	know Didge looks every time that he goes out to
15	see if they are buried.
16	MR. JUDGE: I told the drivers of
17	the garbage trucks any of them that they see
18	buried, write them down. A lot of times the
19	neighbors do it.
20	MR. VERRASTRO: They get hidden
21	because we're plowing everything to the sides
22	and we're going to forget it and have a
23	problem. Secondly, there's a pothole. It's
24	enormous at this point. It's right before you
25	go to the reservoir the stop sign there next to

where the hotel is. Can we get something temporary in there now? I know it's going to happen no matter what. MR. JUDGE: You know why? That's where all the trailers stop at that stop sign. Do you know how many times we filled that? We'll get something in there. MR. VERRASTRO: I'd appreciate it. It's really big at this point, yeah. MR. HALLINAN: Sal, like I said, back to my days with PennDOT, that's been there forever. I think there's got to be some kind of void or something there. It really has to be probably dug out and really done right. MR. VERRASTRO: It's probably whatever they are putting it onto is bad at this point. It's going to have to be cut out. At this time of year whatever we do isn't going to be permanent anyway. But we got to get something in it. Now it's like a small lake there's so much water in it today when I drove by. Other than that, I'd like to thank everybody for coming tonight and drive safely because the roads are spotty. Thank you.	r

1	MR. MCHALE: Mr. Burke.
2	MR. BURKE: I'd just like to thank
3	Didge and DPW and Sewer Authority for helping
4	us out at the corners and down by the school.
5	And I got one pothole too, Didge, on Potter
6	Street near Tom Pic's that big one in the
7	middle of the road.
8	MR. JUDGE: We filled that, Tim, the
9	plow probably pulled it out. We'll get up on
10	it this week. There's a few of them. One near
11	Burger King they all pulled out.
12	MR. BURKE: And then if there is any
13	other side streets where you get caught up, if
14	you guys could work on them, on maintenance
15	when you get caught up on the other stuff.
16	That's all I have. Thank you.
17	MR. MCHALE: Mrs. Scrimalli.
18	MS. SCRIMALLI: I too want to thank
19	everyone for coming. And I want to thank the
20	DPW Department and Didge for doing such a great
21	job clearing the corners and the school and
22	whatnot. I got a lot of nice phone calls.
23	People appreciate that. And also today it was
24	so icy out today. You guys did a great job
25	salting and removing, you know, getting that

	39
1	ice taken care of.
2	MR. JUDGE: I'd like to maybe bring
3	them in at 4 in the morning because all of this
4	slop that is left is going to freeze tonight
5	and get a jump on it if I could.
6	MR. HALLINAN: I'd say so.
7	MR. MCHALE: I don't know.
8	MS. SCRIMALLI: I would say yes.
9	MR. VERRASTRO: Do we have any
10	chains for any of the trucks?
11	MR. MCHALE: I'm kidding.
12	MR. VERRASTRO: We should probably
13	get a set for the hills or the mountains.
14	MR. JUDGE: That would be a good
15	idea, not on all of them.
16	MR. VERRASTRO: We could designate
17	one truck. But I think we should get a set of
18	chains.
19	MR. JUDGE: I think you're right.
20	Yeah.
21	MR. VERRASTRO: I don't know if you
22	want to get with Dom tomorrow and see what we
23	need to order to have them. I think they need
24	to be
25	MR. JUDGE: Good idea.

	40
1	MS. SCRIMALLI: And, Didge, there's
2	just one pothole that I would ask you to be
3	aware of and maybe if you could fill it. It's
4	over by Burger King.
5	MR. JUDGE: Yeah, I saw it.
6	Tomorrow we'll get it.
7	MS. SCRIMALLI: That's a big one.
8	All right. Thank you. I appreciate it. And,
9	you know, thank Gary Duncan, you're doing a
10	great job. Thank you so much. And, Gerard,
11	appreciate you. And again, thanks everyone for
12	coming and have a very safe night.
13	MR. MCHALE: Thank you, Mrs.
14	Scrimalli. I really other than reiterating
15	Didge to all of your guys everything that
16	you've done, I got a pleasant phone call from
17	Didge on Saturday or Sunday thanking for
18	everything we've done to get them the equipment
19	that they have right now.
20	MR. JUDGE: 30 years this is the
21	best equipment we've ever had.
22	MR. MCHALE: It's nice to hear.
23	It's, you know, what you guys are doing is
24	great. What you guys did Saturday night as
25	Carol said I got a lot of phone calls

-	
	41
1	especially down near the school that you guys
2	did. There's a lot of people complaining the
3	views coming out of the school you couldn't see
4	anything. So thanks for knocking down that
5	pile. I have nothing else. I'll look for a
6	motion to adjourn.
7	MR. HALLINAN: Can I just ask one
8	question?
9	MR. MCHALE: Please.
10	MR. HALLINAN: Billy, community
11	service, do we have like kids maybe help shovel
12	elderly people's sidewalks or something? I
13	know we're always looking for something for the
14	community service kids to do or something. I
15	don't know if that would be
16	CAPT. SPRINGER: Chief Reese was
17	working on that. And he had last I knew
18	there was like a waiver that he wanted and that
19	was the last we did anything with it. So I
20	know Tom approved a waiver. Right? You
21	approved that? I mean if you guys wanted to do
22	that, it's feasible.
23	MR. HALLINAN: Like, if there's
24	somebody we know, you know, without going into
25	advertising and somebody we know that is an

-	
	42
1	elderly person that has a problem that we keep
2	going back to because their sidewalks and we
3	realize there's a problem there, why can't we
4	have that be done by community service. And
5	even the walkway over Drinker Street, you know,
6	over 81 have that shovelled or something.
7	CAPT. SPRINGER: We've been turning
8	community service away.
9	MR. HALLINAN: I'm not bringing back
10	the chain gang.
11	CAPT. SPRINGER: It's certainly
12	feasible.
13	MR. HALLINAN: I'm done. I'm done.
14	MR. RUGGIERO: Council, Magistrate
15	Ware actually scheduled six or eight over the
16	last four months to go up and help with DPW for
17	their hours needed. What I could do is contact
18	Magistrate Ware and if he has any to schedule,
19	to schedule them here. They could actually dig
20	out the fire hydrants that we need dug and they
21	could be utilized on the sidewalks that maybe
22	need some extra attention.
23	MR. VERRASTRO: Thank you, Vito.
24	MR. HALLINAN: Thank you.
25	MR. VERRASTRO: Can I make a motion
