2 1 (Pledge of Allegiance.) 2 3 4 MR. NARDOZZI: To start tonight's meeting, we're going to start off -- I'm sorry, 5 6 roll call first. 7 ATTY. CUMMINGS: Mrs. Scrimalli. 8 MS. SCRIMALLI: Present. 9 ATTY. CUMMINGS: Mr. Burke. 10 Mr. Verrastro. MR. VERRASTRO: 11 Present. 12 ATTY. CUMMINGS: Mr. Dempsey. MR. DEMPSEY: Present. 13 14 ATTY. CUMMINGS: Mr. Hallinan. MR. HALLINAN: Present. 15 ATTY. CUMMINGS: Mr. McHale. 16 Mr. 17 Nardozzi. 18 MR. NARDOZZI: Present. 19 ATTY. CUMMINGS: You may commence with the hearing on the Department of Economic 20 21 Development. MR. NARDOZZI: Mr. Petrini. 22 23 MR. PETRINI: Thank you. My name is 24 John Petrini. I'm with Lackawanna County 25 Department of Economic Development. We are the

	3
1	administrating agency of the CDBG Program. We
2	administer the program for 38 communities
3	within Lackawanna County.
4	This one in particular is for
5	Dunmore Borough and for the 2015 federal fiscal
6	year grant funds. We're looking at
7	approximately \$130,000 to use towards a new
8	program next year. And in the packet there I
9	left in front you, it does have a list of the
10	eligible activities that these funds could be
11	used for.
12	It ranges from water, sewer
13	improvements, street improvements, park
14	improvements. Just to give you an example of
15	some of the ones we've recently done within the
16	Borough, we're applying for the handicap ramp
17	here for in front of McHale Park and doing the
18	storm water improvements on Laurel Street and
19	the street improvements on Larch Street.
20	Those are all going to be done
21	probably within this year. There is also a
22	list of the ineligible activities there that
23	wouldn't be that wouldn't qualify for the
24	program, different fundability requirements
25	that the state requires is this is all

ĺ	
	4
1	stuff that you guys can look over on your own
2	time.
3	There is going forward for your 2015
4	projects a needs assessment. These are the
5	current need assessments that we have on file
6	within our office. We can either go through
7	these now I don't want to take up too much
8	of your time or you guys could go through it
9	yourselves, decipher which one is most
10	important.
11	If you want to remove any or you
12	want to add any, I mean, that's completely up
13	to you guys. There is also a blank one within
14	that packet that if you guys wanted to add or
15	remove anything. And that's really all I have.
16	Is there any questions on the program?
17	Anything that we're doing currently?
18	MR. VERRASTRO: The Laurel Street
19	project and the handicap ramp are coming out of
20	the funds that are already
21	MR. PETRINI: That was part the
22	Laurel Street is part of the 14 funding as well
23	as McHale Park. So that application just went
24	in on January 1st. So we should have a letter
25	from the state sometime this year hopefully to

1       get that funding.         2       MR. VERRASTRO: So the money         3       available to us doesn't include those p         4       that are already being         5       MR. PETRINI: Yeah.         6       MR. VERRASTRO: That money is         7       already technically spent. And the money         8       talking is future money.         9       MR. PETRINI: For a future p         10       yeah. So like I said, you'll have roug         11       around I think it's 125, 130 somewhere         12       there for the project.         13       MR. VERRASTRO: And we can sp         14       out over as many projects as we want or         15       hold it until 2016 if we wanted to do a         16       project, correct?         17       MR. 1	MR. NARDOZZI: Yes.
2	ATTY. CUMMINGS: Item number seven
3	is a motion to appoint Northeast Inspection
4	Consultants as additional third party building
5	inspectors for the Borough of Dunmore.
6	MS. SCRIMALLI: I'll make that
7	motion.
8	MR. HALLINAN: I'll second it.
9	MR. NARDOZZI: Before we get into
10	that, we have representatives from Northeast
11	Inspection if one of you gentlemen want to come
12	up to the podium?
13	MR. MARINO: Hello, ladies and
14	gentlemen, my name is John Marino
15	from Northeast Inspection Consultant. We're a
16	third party agency that does building
17	construction inspections here in the County of
18	Lackawanna.
19	We also have five other counties
20	that we work in. But we're primarily
21	Lackawanna County. A couple weeks ago we sent
22	brochures to the Council to request to work
23	within the municipality, not as a substitute
24	agency but as an agency that will work along
25	side the existing agency.

1       Currently most of the other         2       municipalities in the county are starting to         3       have two agencies who will enforce the Act 45         4       UCC Building Code. Reason being, it backs up         5       the other agency or it helps out the town if         6       the other can't do the job.         7       Plus it gives the owners and         8       operator a choice of what agency they want to         9       use. So we put a proposal to the Borough and         10       they gladly brought us down to vote on it to         11       bring us into the town. We currently are in         12       30 municipalities.         13       Out of 30 we're in 18 of them within         14       Lackawanna County. Out of the 18, 10 share us         15       and another agency. So we brought that venue         16       to Dunmore to see if they will accept the terms         17       as all the other towns. So that's what we're         18       here for.         19       MR. NARDOZZI: Thank you.         12       MR. MARINO: Any questions?         21       MR. NARINO: Any questions?         22       MR. 4	MR. NARDOZZI: Yes.
5	ATTY. CUMMINGS: Next item is report
6	from Gerard Hetman Coordinator from Lackawanna
7	County.
8	MR. HETMAN: Good evening, ladies
9	and gentlemen, Gerard Hetman from Lackawanna
10	County Community Relations Department. John is
11	a tough act to follow but I'll do my best here.
12	First a reminder that our annual
13	third annual children's Bike Safety Fair takes
14	place on Saturday, April 25th, 11 a.m. to
15	1 a.m. at PNC Field in Moosic. Again, each
16	child in attendance gets a free bike helmet
17	compliments of PNC Bank.
18	We'll also have law enforcement
19	officers present from the Lackawanna County
20	Sheriff's Office, Scranton Police Department,
21	and Pennsylvania State Police to do free bike
22	safety checks and adjustments and also bike
23	helmet fittings.
24	So each child will go home with a
25	helmet for his or her appropriate head size.

-	
	13
1	Again, it's a free event. The first of the
2	year in terms of the community outreach events
3	our department organizes. So come one, come
4	all. We'll hope to see it be a success.
5	Second, the county's Arts and
6	Culture Department is conducting I think
7	this is a first since we've been on the job
8	what they term intellectual property workshop.
9	This is geared towards artists,
10	entrepreneurs and others who may develop items
11	that constitute intellectual property. It's
12	being held on Wednesday, April, 29th from 5:30
13	to 7 p.m. at Electric City Trolley Museum on
14	the grounds of Steamtown National Historic
15	site.
16	It will feature presentation from an
17	attorney who is involved with the Philadelphia
18	Volunteer Lawyers for the arts, which is part
19	of the arts and business culture of greater
20	Philadelphia speaking specifically on
21	intellectual property laws and regulation.
22	And also features a panel of
23	discussion of local artists and entrepreneurs
24	regarding how to protect individual's
25	intellectual property. We just got this today.

	14
1	It looks like a pretty neat program.
2	The third thing we always get
3	questions on this as the year goes on
4	especially as baseball season begins, we have
5	the excursion schedule here from the Electric
6	City Trolley Museum for the trollies that run
7	from the museum to the RailRiders baseball
8	games year.
9	They have dates running from May
10	10th through August 23rd. It's not every game.
11	But they have looks like nine or ten games here
12	the trolley does run for. I believe they are
13	all Saturday and Sunday dates. It explains
14	here how the pricing works.
15	If you already have your ticket for
16	the game, you could buy a ticket just for the
17	trolley run. Or if you want to buy a ticket at
18	the same time as the trolley ticket purchase
19	you can do that as well. It just affects the
20	price a little bit.
21	Secondly, the first of our two
22	fishing derbies on the county's Parks and
23	Recreation Department. It takes place at
24	McDade Park on Saturday, May 9th. It's open
25	for children ages 4 to 12. There's two

15 different time slots there so we don't have the 1 2 younger children fishing the same time as the 3 older children. It's just a five dollar cost for child that covers the bait that's provided. 4 5 They don't allow spinners or outside bait to be 6 used. 7 This is the first of two. There 8 will be a second one later at Merli Sarnowski 9 Park later in the year typically early October. 10 And then lastly, this is a first time event. 11 But it looks like it's pretty exciting. Penn State Extension in Lackawanna County is holding 12 13 an event, Earth Day Is Your Day. 14 It's kind of a kick off and celebration of Earth Day and of the month of 15 16 April with all the good environmental focus on 17 It takes place Saturday, April 18th, this it. 18 coming Saturday from noon until 4 p.m. at the 19 Mall at Steamtown. It's basically a walk 20 around the fair type of event and everyone is 21 welcome. 22 Last item I will mention I've been 23 meaning to follow up on this this time of year. 24 Sometimes we see it at different times. But 25 Councilman Nardozzi had asked in the past

	16
1	months about tire collection that our office of
2	Environmental Sustainability has held in the
3	past. We haven't heard yet if there's going to
4	be one this year or when it will be.
5	We've gotten a few requests for that
6	and we're waiting for some information to see
7	when that will be. It's been in the fall
8	sometimes. Last year it was late May. I think
9	it was the week before Memorial Day. So we'll
10	try to let you know as soon as that comes up
11	and as soon as the office that runs that plans
12	it if they do it this year, I will pass along
13	the information. And that's all we have.
14	MR. NARDOZZI: Thanks, Gerard.
15	MS. SCRIMALLI: Thanks, Gerard.
16	ATTY. CUMMINGS: Item number nine,
17	Gary Duncan, Dunmore Neighborhood Watch.
18	MR. DUNCAN: Gary Duncan, 117 Barton
19	Street if you need it. I just got I'll be
20	very brief. I'm going to run through. We had
21	a Dunmore Neighborhood Watch Saturday. So
22	first and foremost I have to thank the people
23	that came out. It was a cool brisk day.
24	So I really want to thank Councilman
25	Burke's not here tonight. He was nice enough

-	
	17
1	to join us. I want to thank Tom Hallinan. And
2	I have to give credit. Mayor Loughney came out
3	with us and probably about nine-tenths of the
4	walk he covered with us.
5	It really I have to tell you as
6	somebody who lives in the town, there's nothing
7	nicer than seeing the Mayor of the town and
8	Council come out and participate in a
9	neighborhood walk like this.
10	And we covered quite a few blocks.
11	We covered the area of Grove, Prescott,
12	Buenzli, Williams, Monroe, and Clay Avenue. So
13	we took in a pretty fair sloth of this section
14	of the town. I'm just going to run through
15	some of the things that we picked up during
16	it and, Didge, I'll get you a copy after
17	this. I will get everybody an e-mail.
18	I got it typed up late. And I got a
19	copy today. So I'll get folks' e-mails. I
20	think I have enough here for everybody who
21	wants a hard copy. And I'll e-mail it and the
22	same to you, Solicitor, we'll get you a copy.
23	ATTY. CUMMINGS: Thank you.
24	MR. DUNCAN: Anyway Grove, Prescott
25	the signs are respray painted with WOHO. And

	18
1	we have a neighborhood watch meeting next week.
2	And we'll have Captain Springer and I'm sure
3	Patrolman Richardson will be with us. But
4	these are signs that were replaced last year.
5	And they are resprayed and I
6	swear at some point last year somebody we knew
7	who W.O.H.O. is who sprays this. And I believe
8	we were informed that that person was spoken
9	to. But this was freshly sprayed again.
10	And it's a shame. And it's just
11	ugliness on the town. Tom, you certainly were
12	with us. You could verify what we're saying.
13	Some of the stop signs over at the Grove and
14	Prescott are faded.
15	Where the old grove house grove
16	warehouse is the old silk mill and everything,
17	all of those signs on that block are either
18	rusted or faded. And really, I don't even know
19	if they are in use anymore if we needed them
20	since the warehouse for all intents and
21	purposes is down to nothing.
22	Blocked storm drains, the one storm
23	basin at Prescott and Grove is totally sunken
24	in. And Nibs honest to God we walked over to
25	it. He said that is very similar to the

19 situation where the child went into the storm 1 2 drain last year. We have cones in it -- the 3 red cones, you know, Didge, the orangish cones, they're -- it looks like cars hit them. 4 Thev 5 are just like crushed down in that storm drain. That was a serious issue. 6 They have broken -- the cones 7 8 essentially covering it. But 116 Grove Street 9 and this thank God for Tom Hallinan because he 10 picked up on it. It was -- the sidewalk was 11 dangerous if you remember where I'm speaking 12 about because that was your observation. 13 Grove and South Grove, Blakely the 14 stop signs are graffiti. We have a home at 109 15 East Grove. Again I have to give Nibsy credit. 16 He went with me. We went behind the bushes in the house. There's a hole in the side of the 17 18 house that's wide open so animals can get into it. 19 20 God Bless him. He went in up in the 21 It looked like the house was street. 22 And I'll give people copies and we abandoned. 23 can notify Joe or whomever and get people 24 involved in this. The 400 block of East Grove 25 Street Tom was with me. That whole block is

	20
1	rutted pothole heaven. Remember we were
2	talking about
3	MR. HALLINAN: Yeah.
4	MR. DUNCAN: you helped me with
5	that one. North Webster and Grove another one,
6	the stop sign's in bad shape; Clay and Grove,
7	blocked storm drains; West Grove and Clay the
8	same thing. The storm drains are blocked. The
9	stop sign was tagged Luna on that one.
10	The island by Sibo's on Grove
11	I keep looking at Tom because he was right
12	there with me. He stayed with me for the whole
13	walk but totally whited out the do not enter
14	sign. You couldn't even see it. It serves
15	little or no literally no function where it
16	was posted.
17	But Tom picked it up. It looked
18	like somebody took a paintbrush because even
19	the white is above it on the telephone pole.
20	So they had to work to totally obliterate the
21	sign. And then Tom brought up a good point
22	about maybe some type of a beautification
23	project after the rotted trees were taken out
24	there.
25	It looks like termites had a field

	21
1	day. They must have got they must have fed
2	half of Africa in termites in those couple of
3	trees. They're rotted out. Yet, they're
4	budding. And Tom mentioned maybe about Dave
5	Lopatka getting an engineering study done in
6	that area, correct?
7	MR. HALLINAN: Yeah.
8	MR. DUNCAN: Okay. 200 East Grove,
9	signs are in bad shape, 1209 Monroe Avenue it
10	looked like about a 3 or 400 pound piece of
11	steel that they had a large metal plate
12	covering a section of the road down there; 1205
13	Monroe, one side of the house looked
14	deteriorated so we don't know what's going on
15	there.
16	Taylor and Williams, blocked storm
17	drains; Buenzli, I went through there today
18	because I continue to get messages from the
19	people in that particular neighborhood. It was
20	interesting. We went up Williams Street and
21	two people told us the neighborhood was great.
22	And we jeepers creepers we made a
23	right to Buenzli Court and we got a
24	tonsillectomy. So we looked great and then
25	within a half a block we had a tonsillectomy.

22 1 So Buenzli we have a garage is collapsing. Α 2 roof was caving in. It was open on one side. 3 The caution -- not the police tape, the caution tape is up around and around that one; 1109 4 5 North Irving in the rear of the house. 6 When I was in the alley looking at 7 other things, we looked up there's a second 8 floor enclosure over a porch. When you look at 9 the garage, the enclosure is pulled away from 10 the chimney about this much (indicating.) 11 It's pulling away. 12 There's two beams holding it up. 13 You could see clear through the beams they're 14 rotted straight through. We saw squirrels 15 going up and down through the bottom side of 16 that porch. So there is vermin in there as 17 well. 18 And then one of the neighbors came 19 out to see what I was looking at and proceeded 20 to tell me that there's children that live on 21 the first floor of the house with the second 22 floor collapsing; 111 North Irving there was a 23 question about potential drugs in that house 24 from a neighbor. 25 114 Buenzli, we went through this

1 last year with this house. Apparently they are The landlord lives in the house but he's 2 back. out of there in the afternoons. A neighbor 3 come out to tell me that other people, friends 4 of his go into the house. They drink in that 5 alleyway. There were syringes found across the 6 7 alleyway from this residence last year. 8 And then we came down Prescott after 9 we made our huge loop. And the wooded lot 10 which is next to 1201 Prescott it's right across from Schautz Stadium but that wooded 11 lot, it looked like trees were taken down in 12 But the trees that fell, they're just 13 there. 14 laying there. They're rotting out. And as much as the area behind 15 16 Nina's looked loaded with liter, that area 17 across from Schautz Stadium, that wooded area it's -- looks like it's five times worse than 18 19 the area behind Nina's with liter. And if you 20 look down behind -- Francis, you and I, we 21 looked down the hill behind it. There's a 22 gigantic Interstate 81 road sign down in there 23 that somebody hauled back in there. 24 Last -- and so that's everything. 25 But I hope you agree with me that when you

-	
	24
1	drive through a neighborhood it's one thing.
2	But when you walk through, we picked up on just
3	so many things just with the power of
4	observation and using our bifocals at least in
5	my case.
6	
7	(Councilman Burke enters the
8	meeting.)
9	
10	MR. DUNCAN: So I want to thank
11	Timmy Burke. I want to thank Tom Hallinan.
12	And I want to thank Patrick Loughney for taking
13	the time to come out and join us. It was a
14	cold brisk day. We have our next neighbor
15	watch meeting a week today, 7:00.
16	If anybody wants copies of this I
17	could give it to you. But I will definitely
18	e-mail everybody and I'll get it to you as soon
19	as I get home tonight.
20	MR. VERRASTRO: If you could get
21	Vito a copy of that, we'll set something up
22	with the Sewer Authority. He will get the
23	storm water drains.
24	MR. HALLINAN: Didge, do you know
25	why that plate is down on Monroe Avenue I'll

	25
1	talk to you after. That big steel plate, it
2	has to be like a
3	MR. JUDGE: That has to be the Sewer
4	Authority.
5	MR. HALLINAN: It has to be like a
6	four by eight.
7	MR. JUDGE: That's not ours.
8	MR. HALLINAN: Okay.
9	MR. JUDGE: I saw it. I'll find out
10	tomorrow.
11	MR. HALLINAN: Have them pick it up
12	and look at it. If it's not theirs we'll take
13	it and we can use it. It's a nice piece of
14	metal.
15	MR. NARDOZZI: We can only have one
16	person talking at a time. Poor Maria is trying
17	to get everything. Next.
18	ATTY. CUMMINGS: Item number ten,
19	Mr. Valvano from Representative Farina's
20	Office.
21	MR. VERRASTRO: I just had a text
22	from him.
23	MR. NARDOZZI: As did I.
24	MR. VERRASTRO: He's having car
25	trouble. He asked me to share with everybody

	26
1	that the shedding program is going on at his
2	office I'm sorry, Frank's office here Friday
3	from 10 until noon. And all the shredding is
4	free, I believe.
5	MR. NARDOZZI: Yes.
6	MR. VERRASTRO: Anything you want to
7	bring down is free shredding for any documents
8	you need to have shredded.
9	ATTY. CUMMINGS: Item number 11 is
10	public comment on non agenda items.
11	MR. NARDOZZI: Anyone in the
12	audience have public comment? Please keep in
13	mind you're limited to five minutes. Please
14	state your full name and address for the record
15	for Maria.

22	But we still need more. And one is

1	the Borough in advance, it's a disaster.
2	They're backed up to Throop. And if
3	they don't notice you don't notify you, what
4	if there's an accident at the corners? A
5	police car is there in five minutes. If
6	something unexpected happens if they're going
7	to repair a pothole that you didn't think they
8	were going to repair, then get a cop there, you
9	know, unless they're out at an accident or they
10	are needed elsewhere.
11	But there should be no excuse to
12	say, well, the state didn't notify us. We
13	didn't think they were coming until the middle
14	of June. Well, if they come the 1st of June,
15	there should be a cop at the corners. I don't
16	know if you could put a part-time policeman on.
17	But there should be somebody there.
18	And every Friday I don't know if you drive
19	Blakely Street, it's backed up down to the tank
20	whether it's payday and everybody goes to the
21	corners I don't know. But the traffic is
22	there. And it's just waiting for an accident
23	and it's up to you people to cure the illness.
24	And there is an illness on the top
25	of that street. And I heard complaints at the

	29
1	neighborhood watch. People on the sidewalk,
2	you know, in my neighborhood down a few houses,
3	they're on the sidewalk because every week
4	there is somebody's car that's struck with the
5	passing vehicle taking a mirror off.
6	And it's so narrow. I have friends
7	that say it's a very narrow street. It's hard
8	to drive up. Well, don't drive up it at 25
9	miles an hour. Use Green Ridge Street. And
10	they are all people in the sixth ward that
11	should know better.
12	If you go up there it should be
13	15 miles an hour. There's not a sign going up
14	since somebody hit the pole down at Webster
15	Avenue. And we do have a sign in front of my
16	house that's been there for years. Paul had it
17	put up when, you know, Stanley Golden was down
18	there.
19	But since then, it is a narrow
20	street. There's maybe about 30, 40 young
21	children that will be playing there. And it's
22	just waiting for an accident. So it's up to
23	you people. You have to get it done.
24	MR. VERRASTRO: Is the speed limit
25	already 15 miles an hour there?

-

1	MR. MCGRAW: What's that?
2	MR. VERRASTRO: Is the speed limit
3	already 15 miles an hour there and it just has
4	to be posted.
5	MR. MCGRAW: There's nothing coming
6	up.
7	MR. VERRASTRO: That's what I'm
8	asking you. It's already been
9	MR. MCGRAW: There's one that I
10	believe it was 10. And then we said 10 or 15.
11	You know, generally a parking lot on military
12	basis and government agencies it's 10 or 15,
13	you know, they give you a little leeway. And
14	that is a parking lot.
15	MR. VERRASTRO: No, what I'm trying
16	to figure out is if it's already 10 or 15 or if
17	you're asking for it to be changed to 10 or 15.
18	MR. MCGRAW: One is ten and there is
19	15 coming up.
20	MR. VERRASTRO: So you're just
21	asking for the signs.
22	MR. MCGRAW: Right. Right in front
23	of my house there's
24	MR. NARDOZZI: Didge, can you see
25	MR. VERRASTRO: Can you order two

1       new signs with proper speed limit?         2       MR. JUDGE: Yeah.         3       MR. MCGRAW: And I thank you for the         4       stop sign in the alley. 	25	MS. SHANE: That wasn't me.

34 1 MR. VERRASTRO: I'm confused then because I don't remember you talking about the 2 3 empty lots there. 4 MS. SHANE: Oh, well, maybe I didn't 5 talk about it when you were here. It might have been at a neighborhood meeting. 6 But this 7 has been an ongoing thing for years. I've 8 lived in this house all my life. It's 9 abandoned railroad property. 10 And it's owned by Mr. DeNaples. 11 Now, that's all well and good. If that 12 property -- my property was abandoned and 13 looked that way, you could darn well be sure 14 that somebody would, you know, send me a letter. All I want is someone to come down and 15 16 clean up the debris that's there. 17 And I don't know if the Borough is 18 responsible for that. I think the people who 19 own property are the ones responsible. MR. VERRASTRO: See me afterwards. 20 21 We'll get that. 22 MR. BURKE: The property owner is 23 responsible. 24 MR. NARDOZZI: Mrs. Shane, we'll 25 have Joe Lorince contact the property owners

	35
1	and get them down there and tell them what
2	happened at the meeting tonight and we need
3	that cleaned up. And if it's feasible for
4	those trees to be trimmed.
5	MS. SHANE: If they would trim those
6	trees, we wouldn't have so many leaves because
7	with all the snow now the leaves that were
8	there from last fall are still there. And
9	every time we have a windy day, we get them.
10	So I would appreciate anything that the Borough
11	can do.
12	MR. NARDOZZI: I'll speak with
13	Mr. Lorince tomorrow.
14	MS. SHANE: Thank you.
15	MR. NARDOZZI: One good news, would
16	you tell us about the 1330 the lit street
17	light?
18	MS. SHANE: Yeah, well, the street
19	light is back on after all of those months.
20	MR. NARDOZZI: It took long enough,
21	didn't it?
22	MS. SHANE: Yeah. But you have to
23	keep tugging away at it. Thank you.
24	MR. NARDOZZI: Thank you.
25	MS. SCRIMALLI: Thank you.

	36
1	MR. NARDOZZI: Anyone else in the
2	audience have anything tonight?
3	(No response.)
4	MR. NARDOZZI: With that we'll move
5	onto number 12, Tom.
6	ATTY. CUMMINGS: Public officials.
7	MR. NARDOZZI: Let's start with
8	Mr. Dempsey.
9	MR. DEMPSEY: The only thing just an
10	update on the website. They apply for the dot
11	gov the new website I guess it's called the
12	domain name, I don't know, web address. So
13	they applied for that.
14	They're currently in the process of
15	designing different looks of the website for us
16	to look at and choose from. So still moving
17	forward. It's still plugging away. It's a
18	process but making some good strides. And
19	that's all I have tonight.
20	MR. NARDOZZI: Thank you. Mr.
21	Hallinan.
22	MR. HALLINAN: Didge, do we have any
23	graffiti paint removal? Do we have anything
24	like that?
25	MR.JUDGE: Yes.

37 1 MR. HALLINAN: So can you hit some of those signs? I mean, there's some brand new 2 3 And again, I'm new to Council for ones. less -- well, a year now. But I don't know, 4 5 were there any grants for sign -- our signs in this town and to buy them singly I think is 6 7 ridiculous. 8 Is there something out there where 9 we can get a grant or something? I wish 10 Mr. Valvano or somebody was here to get us some kind of money to really overhaul the whole town 11 12 with stop signs. It's ridiculous. MR. NARDOZZI: Tom, aren't we in the 13 14 middle -- isn't there state grants that have been lingering? 15 16 MR. VERRASTRO: They said that 17 wasn't -- it wasn't part of the scope. 18 ATTY. CUMMINGS: Yeah. 19 MR. HALLINAN: I mean, I remember a 20 Congressman running for office here saying we 21 can get you money for signs. Yet we have --22 nothing's changed. And it's really, you know, 23 if you're from out of town and you're driving 24 these streets, there is no reflectivity at all 25 on any of these stop signs.

1And I just would like that address2somehow, someway. And because I say buying3them singly is ridiculous. It's, you know, w4should somehow we should be able to get them5wholesale with a grant. 23 down here. I'm working it too for Olyphant P	D.
24 MS. SCRIMALLI: Okay, so just to 1	et
25 you know there that some of the roads will be	;

1	
	39
1	blocked. And I think that's it for me. Thank
2	you so much.
3	MR. NARDOZZI: Mr. Burke.
4	MR. BURKE: Yes. Didge, will you be
5	able to get a stop sign for up Dunham Drive, a
6	few of them? I don't think there's any or
7	not stop signs, I'm sorry, speed limit signs
8	25. I don't think there is one on the road.
9	And we do have a school bus that travels there.
10	MR. JUDGE: All right. On Dunham
11	you want them?
12	MR. BURKE: Yeah.
13	MR. JUDGE: I'll check tomorrow. I
14	don't even know what the speed limit is there.
15	MR. BURKE: I'd say it's got to be
16	25 or below. There's a house there with
17	where children are picked up for school.
18	MR. JUDGE: All right. I'll check
19	with Sal tomorrow.
20	MR. BURKE: Okay. I can't see it
21	being any higher than 25.
22	MR. JUDGE: I'll check with him in
23	the morning.
24	MR. BURKE: Tommy, I was wondering
25	if you got the info on the Sewer Authority if

1	we have
2	ATTY. CUMMINGS: Yeah, the under
3	the Pennsylvania Municipality Authorities Act,
4	it deals with the disposition of property but
5	not the contracting out of services. And with
6	the disposition of property, it would be an
7	anomaly because the plan would be I think
8	jointly owned.
9	But the lines would go back to each
10	municipality. So that's not a scenario I think
11	would work. Under the original articles of
12	corporation from the Sewer Authority, I don't
13	see limitation as far as the majority or
14	unanimous vote to take out contracts and/or
15	leases.
16	And I don't see anything in the
17	ordinance when Dunmore conveyed its lines. So
18	as of right now, I don't see anything where
19	Dunmore could totally control the situation as
20	a unique entity. Naturally if the authority
21	took an avenue which wasn't appropriate under
22	their powers or under state law, Dunmore would
23	be in the same seed as anybody else to take
24	action.
25	I am going to go through the

40

	Π
	41
1	original American Anglian file to see if
2	there's any limitations in there by stipulation
3	where Dunmore was allowed to control the entire
4	matter with their 120th vote.
5	It's also my understanding although
6	I haven't seen any documentation yet that
7	everybody not just Scranton but a lot of the
8	sewer authorities and municipalities are on
9	hold to see what the Governor's program will
10	entail as far as financing with bonds.
11	But as of right now, I don't see a
12	way for Dunmore's singular vote to hold up a
13	conveyance or lease hold or a contract. But
14	I'm hoping maybe if I go through the American
15	Anglian file I may find something.
16	MR. BURKE: So legally there's
17	nothing Dunmore you believe there's nothing
18	Dunmore could do to stop the sale of the Sewer
19	Authority or the lease of the Sewer Authority?
20	ATTY. CUMMINGS: Well, we have a
21	one-fifth vote. And we can if Council voted
22	outside of our representation there, we could
23	take, you know, legal action for injunction
24	relief to try to stop it. But I thought my
25	assignment was I don't see anywhere it says

1that the one-twentieth percent could control2whether or not if there's a lease hold.3In the Municipality Authorities Act4it doesn't address leases, holds, or contracts5It addresses once the debt is defeased, which6happened I think eight years ago then in that7event the incorporated municipalities could8just take their property back and liquidate th9authority.10MR. 2	MR. BURKE: I mean, excuse me
3	ATTY. CUMMINGS: Sure.
4	MR. BURKE: If okay, when this
5	happened last time we did find out that Dunmore
6	had a vote. Is there any possible way of
7	finding out if we have a vote?
8	ATTY. CUMMINGS: We have a vote.
9	MR. BURKE: So what I'm getting at
10	when it happened last time privatization we
11	already know what could happen with
12	privatization Dunmore could out vote it and
13	shut it right down. We know that.
14	Is there any possible way of finding
15	out if Dunmore's vote could shut down a sale or
16	a lease?
17	ATTY. CUMMINGS: That's what's I
18	have to look at the American Anglian file to
19	find out what language they use. I haven't
20	found anything in the Municipal Authorities
21	Act. I haven't found anything in the original
22	articles of corporation of the Sewer Authority.
23	I haven't found anything in the
24	Dunmore ordinance where we joined the Sewer
25	Authority and conveyed over our lines.

1	
	44
1	MR. BURKE: Maybe as being a member
2	of the Sewer Authority of Dunmore, maybe if we
3	could send them a letter and ask their lawyer
4	what is their legal opinion?
5	ATTY. CUMMINGS: Okay.
6	MR. BURKE: Because let them pay for
7	it since we're part of the Sewer Authority and
8	they have their own legal they have their
9	own lawyers. Let them look up the information
10	and ask them for an answer.
11	ATTY. CUMMINGS: I think you have to
12	direct them to American Anglian because I have
13	discussed it with solicitors from four other
14	authorities and nobody was aware of any vehicle
15	for one-fifth vote to stop it. So I'll
16	certainly send a letter tomorrow to Mr. Barrett
17	to direct him to have their solicitors and
18	attorneys look at the American Anglian file
19	because if it's anywhere, that's where it would
20	be.
21	MR. BURKE: Right. If you remember
22	last time when this happened when it was
23	privatized nobody knew for quite a while
24	actually they did know that Dunmore could have
25	stopped it.

	0
	45
1	ATTY. CUMMINGS: I wasn't here. I
2	don't know that.
3	MR. BURKE: I know that for a fact
4	because it happened and Dunmore voted to
5	privatize last time.
6	ATTY. CUMMINGS: Right.
7	MR. BURKE: And they couldn't do it
8	without Dunmore's vote. So I would think they
9	have the lawyers they've been going over this
10	for a year. They must be I mean, they must
11	have found out what Dunmore's if Dunmore
12	could stop it or not.
13	I can't see them going through this
14	for almost two years now and then all of a
15	sudden, wait a second. We forgot about
16	Dunmore. So I
17	ATTY. CUMMINGS: I agree with you.
18	MR. BURKE: The lawyers has to know
19	whether we could stop it or not. And I just
20	think that they it's long enough for them,
21	you know, they have to let us know because if
22	our rates are going to go up in Dunmore to bail
23	out Scranton, Dunmore's rate payers have a
24	right to know this and the sooner the better.
25	They are if you read the

п	
	46
1	newspaper, Courtright's been saying this for
2	over a year now they are going to sell it.
3	It's part of that Amorosa said it's part of
4	their plan to save the city. But Dunmore still
5	has no clue and this is over a year now.
6	Dunmore still has no clue if we have a say.
7	We only know we have a say in
8	privatization. But I think the Sewer Authority
9	owes us that answer so if
10	ATTY. CUMMINGS: I'll call
11	Mr. Barrett tomorrow and have him put it in
12	writing.
13	MR. BURKE: Okay, can we e-mail him
14	so it's on record?
15	ATTY. CUMMINGS: Yeah. Oh, no, I'll
16	send him a letter and I'll call him also.
17	Yeah, that's what I'll do and I'll send you a
18	copy.
19	MR. VERRASTRO: I would feel more
20	comfortable excuse me, Timmy, I don't mean
21	to interrupt you, if Tommy still researched it
22	because we're asking their attorney that's
23	that doesn't make sense to me their attorney
24	to give us direction on the direction that
25	they're taking.

47 1 MR. BURKE: I still want Tommy to research it too but I've been asking this 2 3 question since last year. MR. VERRASTRO: No, the way you just 4 5 put it you told Tommy to have their attorney do it. 6 MR. BURKE: Right, because I want 7 8 that on record too because we're rate payers 9 too. 10 MR. VERRASTRO: I'm not -- I'm just 11 saying you didn't --12 MR. BURKE: I don't want Tommy to 13 stop searching. 14 MR. VERRASTRO: Okay. What you said was we might as well have the Sewer Authority's 15 16 attorney pay for it. It sounded like you were 17 taking him off it. That's what I'm trying to 18 get at. 19 MR. BURKE: No. I think they would 20 have told us by now. But maybe if we put 21 pressure on them -- if we put pressure on them 22 to give us an answer --23 ATTY. CUMMINGS: I'll get a written 24 response one way or the other. 25 MR. BURKE: Right. I asked this

	48
1	question back in June and I still haven't found
2	anything different. I appreciate that, Tom.
3	Thank you.
4	MR. NARDOZZI: Tom, can you make
5	sure that we all get copies of whatever you do
6	too
7	ATTY. CUMMINGS: What I usually do
8	is I send to Vito and then it's on the Borough
9	server and it goes out to everybody. He'll
10	send it to you.
11	MR. NARDOZZI: This way
12	ATTY. CUMMINGS: I'll send it to
13	Vito and he'll send it to you.
14	MR. BURKE: It would be a shame to
15	read it in the paper that we were sold and this
16	whole time we didn't know. Like I said, I
17	brought these questions up in June and we still
18	don't have an answer.
19	MR. NARDOZZI: I agree with you,
20	Tim. I agree with you.
21	MR. HALLINAN: I agree with you.
22	But I don't think that could happen, Tim. But
23	I don't think they could go through the
24	process. We have a representative and we have
25	our attorney. I'm just thinking

49 1 MR. BURKE: I'm saying we don't have 2 an answer though. 3 MR. HALLINAN: I understand where 4 you're coming from. MR. BURKE: I have an answer on 5 6 privatization. We went through it. I know it. 7 But Tommy says he doesn't know it and he's a 8 lawyer. 9 ATTY. CUMMINGS: No, I said I 10 haven't found what you're looking for. I found 11 what happens if it's privatized. I think it 12 has to go back to the city and the borough for them to actually handle the sale. 13 14 I have not found a way for the Borough of Dunmore as a one-twentieth interest 15 16 one of five votes to freeze out what the city 17 wants to do. That's what I haven't found yet. 18 I have found what we can do. I have found what our authority is. 19 20 And I think you're referencing the 21 deal with the American Anglian. And the next 22 step would be to direct Mr. Barrett to have his 23 people research that file and show me where 24 either Dunmore can or cannot stop a 25 privatization or a lease hold.

MR. BURKE: Right. I know we could         have stopped the privatization. I know that.         A lease and sale I don't know because we did go         through that. Thank you.         ATTY. CUMMINGS: You're welcome.         MR. BURKE: That's all I have, Paul.         MR. NARDOZZI: Okay, Tim. Sal?         MR. VERRASTRO: I have a couple         things. First, Didge, is our street sweeper         working now?         MR. JUDGE: Yeah.         MR. JUDGE: Every day.         MR. VERRASTRO: Great. Thank you.         Imentioned the shredding. Tom, there is a         house on Drinker Street that nobody has lived         in now for probably I'm going to go back as far         as four or five years. It's on the right-hand         side going through Sport Hill. The porch roof         literally collapsed on it.         ATTY. CUMMINGS: Where the two are         for sale?         MR. VERRASTRO: Yeah, one of those         two. And it's the house next to it there is		
2       have stopped the privatization. I know that.         3       A lease and sale I don't know because we did go         4       through that. Thank you.         5       ATTY. 	51
1	somebody living in. Did Joe or did we look
2	into those at all or is it just empty? Like,
3	is there something we can start to do on
4	ATTY. CUMMINGS: I could have Joe go
5	up and inspect it tomorrow and condemn it.
6	MR. VERRASTRO: Please. I'm saying
7	not even saying it has to be condemned. But at
8	least get that debris cleaned up. It's
9	everywhere. It's on both properties. It's in
10	the front it looks terrible. It's
11	definitely a safety hazard.
12	Also, Councilman McHale asked me to
13	put out there that he's sorry that he missed
14	tonight's meeting. It couldn't have been
15	helped. It's tax season. He has a couple days
16	left. And he's still working on my way down
17	here when I was talking to him.
18	So he apologizes for not making
19	tonight's meeting and wanted to thank everybody
20	for taking over tonight. All right. Other
21	than that, have a good night. Thank you.
22	MR. NARDOZZI: Thank you. Tom, I
23	meant to ask you, do you have anything else?
24	ATTY. CUMMINGS: No, sir.
25	MR. NARDOZZI: I have a few items.

	52
1	First of all, thank Gary for the continued
2	effort you do with your organization. You
3	know, it brings to light to us a lot of things
4	that we don't see, especially I think Mrs.
5	Shane mentioned we work a lot, you know, so
6	there's a lot of things we don't get a chance.
7	And I apologize for not being able
8	to but I was on duty on Saturday and
9	unfortunately had to work, you know? A couple
10	other things, Vito asked me to bring to
11	people's attention and myself also with yard
12	waste we're going to starting to be picking up
13	yard waste now.
14	People are putting them out in
15	plastic bags. They have to be put in either an
16	empty can or biodegradable bag. That's the
17	only way the Recycling Center will take them.
18	Am I correct, Didge, with that? If they are
19	plastic bags, we're not going to pick it
20	because the Recycling Center is not going to
21	take it.
22	So if we can get that out there and
23	maybe, Tom, if we can have Vito put that on the
24	website. Although I think it was addressed on
25	there if I'm not mistaken. We're also the

	53
1	advent of garage sale and yard sale signs that
2	seemed to be plastered all over the not only
3	our town but others. In the past people in
4	Dunmore who have put yard sales up are pretty
5	good in taking them down.
6	I see the majority of the issues are
7	from people who don't live in Dunmore. Old
8	Forge, Scranton they put signs up and I know,
9	Tom, we addressed this before.
10	ATTY. CUMMINGS: They have 24 hours
11	after the event to remove the sign or be cited.
12	The difficulty is if it's outside the Borough,
13	it's a little bit difficult to collect on the
14	violation.
15	MR. NARDOZZI: Or find out who
16	actually had it. But if anybody knows anybody
17	with yard sale signs I don't think anybody
18	is going to care if you put a yard sale sign
19	up on a pole for a day or two whenever you're
20	having your sale. But please take them down.
21	It it's very unsightly. And if you
22	drive up and down Green Ridge Street starting
23	now, you're going to start seeing them all over
24	the place. There's some guy from Binghamton
25	that comes down and does music and CD sales in

54 1 Wilkes-Barre all the time. There's signs still 2 up from last year that they didn't take them 3 down. They don't care. Once they go up, 4 5 they think somebody else takes them down or they come down on their own. One thing too 6 another thing Vito asked me to address the 7 8 Council tonight. Moscow Borough was looking 9 for a possible use or rental of our street 10 sweeper. 11 And Sal brought it up and I don't 12 know if that's going to be feasible. I wanted everybody to be aware of that. Something that 13 14 I noticed and I think other Council members and probably, Gary, your group, there's some new 15 16 phenomenon going around and it's parking on 17 sidewalks and in front yards. 18 I don't understand it for the life 19 of me. I have three neighbors on South Apple 20 Street that continually park on sidewalks. 0ne 21 of the issues I have with it as a police 22 officer is that you're blocking someone who 23 possibly is handicapped from walking on that 24 sidewalk and forcing them out in the street. 25 I've seen it on Green Ridge Street.

	55
1	I think we've had the police department address
2	it on the 2000 block of Green Ridge Street. I
3	don't understand it why people park on
4	sidewalks and block the passage safe passage
5	for people.
6	Gary, I'd appreciate it on your
7	walks or when you're around, you know, your
8	group if you could address and let us know if
9	there is any continuing problems that you may
10	see. I have addressed it. I've given it to
11	the police chief already.
12	MR. DUNCAN: On Grove Street. We'll
13	let you know.
14	MR. NARDOZZI: Yeah, it's
15	becoming it's a problem. The other thing we
16	have to do, I got four or five reports in the
17	last week of people if we pick their garbage
18	up today, they're putting garbage out on the
19	curb the next day.
20	Now, I know we addressed three
21	properties on Monroe Avenue last week down by
22	the cleaners. So that should not happen again.
23	And one last thing I have is just announce Mike
24	asked me to ask or announce is that I'm sure
25	everybody is aware that DEP is having an open

	56
1	house up in the Throop Community Center on
2	Monday, April 27th. They're having two
3	sessions concerning the landfill.
4	One is from 11 in the morning until
5	2 in the afternoon. The second one is from
6	4 p.m. to 8 p.m. And that's an open house
7	concerning the landfill up at the Throop
8	Community Center. With that, I have nothing
9	else.
10	MR. VERRASTRO: The award we got
11	today.
12	MR. NARDOZZI: Oh, jeez. I forgot
13	about that. That's right. Do you want to
14	MR. VERRASTRO: You're the President
15	tonight. You're the Vice President.
16	MR. NARDOZZI: We were given an
17	award. I'm not sure what was the
18	organization O'Della it was a state
19	organization. But they ranked the 40 top towns
20	in Pennsylvania as far as commuters. I don't
21	know where they got their information but we
22	did get it.
23	We're ranked number 17 in the state
24	out of the 40 top towns in the whole state as
25	far as people using commuting to work and,

	57
1	you know, using I guess a lot of people work
2	in Tobyhanna so they car pool. Car pool was a
3	big value with this award that we got today.
4	So I just wanted to make everybody aware of it.
5	But 17th out of the top 40 here. I think Sal
6	might have it here. And here's what it reads:
7	It says Dunmore is a great place to
8	live if you're looking for the best mix of big
9	city amenities, job opportunities, small town
10	charm and we know we have that more perks
11	of calling Dunmore home including low crime,
12	high graduation rates and an affordable cost of
13	living.
14	Dunmore earns our praise for its
15	high percentage of car poolers. Almost 12
16	percent of Dunmore residents share a ride to
17	work which is 20 percent more than the average
18	city on our list. So that's the award we
19	received today. Thank you, Sal. That's all I
20	have. Anyone else on Council?
21	(No response.)
22	MR. NARDOZZI: Call for adjournment?
23	MR. BURKE: I'll make the motion.
24	MR. NARDOZZI: Timmy.
25	MR. HALLINAN: Second.

		58
