2 (Pledge of Allegiance.) 1 2 3 MR. LONGO: All right. Mike, if 4 you could do the roll call. 5 MR. BRAZIL: Yep. Peter Sabia. MR. SABIA: Here. 6 7 MR. BRAZIL: Gerard Longo. 8 MR. LONGO: Here. 9 MR. BRAZIL: Steve Yanisko. MR. YANISKO: 10 Here. 11 MR. BRAZIL: Terry McDonnell. Robert Cuff. 12 MR. CUFF: Here. 13 14 MR. BRAZIL: Molly Dempsey Clark. ATTY. CLARK: Here. 15 MR. BRAZIL: And Michael Brazil. 16 MR. LONGO: First on the agenda 17 18 Carly Borchardt. Please get sworn in and then 19 tell us a little bit about your project. 20 21 CARLY BORCHARDT, having been called 22 as a witness and being duly sworn testifies as 23 follows: 24 25 MR. LONGO: Just a little bit about

	3
1	your project what do you want to do?
2	MS. BORCHARDT: The bottom floor of
3	my home I just want to make into a hair salon.
4	It's a separate entrance. It meets all the
5	requirements for to be inspected by the
6	State Board of Cosmetology. And my boss is
7	selling her place so it's just a natural next
8	step. I spoke with my neighbors and
9	MR. LONGO: No neighbors have a
10	problem.
11	MS. BORCHARDT: No, that I spoke
12	with. And I have plenty of parking. Everybody
13	has driveways. I have a driveway. Nobody
14	parks on the street there.
15	MR. LONGO: So the driveway where
16	the two cars are
17	MS. BORCHARDT: That's my drive
18	MR. LONGO: Yeah, you'll leave that
19	open for your customers.
20	MS. BORCHARDT: I'll go in the
21	garage and they could park there.
22	MR. CUFF: How many customers at a
23	time?
24	MS. BORCHARDT: I just do one.
25	MR. LONGO: Any employees?

	4
1	MS. BORCHARDT: Just me, just a
2	small operation.
3	MR. LONGO: Steve?
4	MR. YANISKO: No, I was out there
5	last week. I checked it out.
6	MR. LONGO: Anybody out there have
7	any questions? No. Okay. Looking for a
8	motion.
9	MR. YANISKO: I'll make a motion to
10	approve.
11	MR. SABIA: I'll second it.
12	MR. LONGO: Roll call.
13	MR. BRAZIL: Peter Sabia.
14	MR. SABIA: Yes.
15	MR. BRAZIL: Gerard Longo.
16	MR. LONGO: Yes.
17	MR. BRAZIL: Steve Yanisko.
18	MR. YANISKO: Yes.
19	MR. BRAZIL: Terry's not here.
20	Robert Cuff.
21	MR. CUFF: Yes.
22	MR. LONGO: Motion passes.
23	MS. BORCHARDT: Thank you.
24	MR. LONGO: Next on the agenda
25	Northeast Educational Intermediate Unit 19.

1	KEVIN WILLIAMS, having been called
2	as a witness and being duly sworn testifies as
3	follows:
4	
5	MR. LONGO: Can you tell us a
6	little bit about what you want to do and what
7	you're asking for?
8	MR. WILLIAMS: We are looking to
9	acquire the property next door which we
10	acquired through a lease to own really just
11	looking to renovate the house, utilize it for
12	transition services for our special needs kids
13	that we have at 185 East Pine, no parking. We
14	have no green space. It's a great yard.
15	So we're kind of looking at
16	utilizing the yard for those children, you
17	know, restore the fence because the fence is
18	kind of dilapidated and then a small addition
19	on the back. Again just for when I say
20	transition, kids would come over again,
21	these are highly special needs kids, shredding
22	or how to make a bed, laundry.
23	We're just with our main building
24	it's tight to do that because we have mostly
25	classrooms in there. So we give them like a

	6
1	house feel so they could kind of get a feeling,
2	to be more adapt to they are in a home as
3	they grow older and like I said, utilize the
4	green space because everything we have is
5	blacktop.
6	That's kind of what we're shooting
7	for. We would like to remodel the house. The
8	house is obviously in disrepair. We kind of
9	want to keep the vintage feel of the house. We
10	actually call it our little red school house
11	since it has the red shingle siding on it.
12	Yeah, pretty straight forward. It's a great
13	little spot and we just kind of figured we
14	could definitely utilize it for that. That's
15	it.
16	MR. LONGO: So the kids from across
17	the street are going to come over.
18	MR. WILLIAMS: Yeah, no new kids, no
19	new parking, no new traffic. It really would
20	just be the kids from across the street. You
21	know, if anything, we would probably approach
22	the Borough we don't see us starting on this
23	any time soon but maybe a crosswalk because
24	kids will be walked over and that's truthfully
25	it.

1 MR. LONGO: Are you going to have 2 employees to work in the house? 3 MR. WILLIAMS: No, they'll come 4 over. Like our job coach will be in the main 5 building and then they will set sessions. The 6 only thing we might have in there would be that 7 we have a transition coordinator who is in the 8 big building now and maybe she would have an 9 office in the house. That would be it. 10 MR. LONGO: No new employees. 11 MR. LONGO: Questions? Any 13 questions. 14 MR. SABIA: Just your kids, you're 15 not taking down in Scranton where they do the 16 same thing. 17 MR. 2	class size as. So it might be you know, an
3	Autistic class would go over with their teacher
4	or with the job coach and they would come back
5	over.
6	MR. CUFF: Do they have to make that
7	ADA compliant?
8	MR. WILLIAMS: So any renovations we
9	do moving forward would have to be fully ADA
10	compliant, you know, large doors. You know, if
11	we were to utilize the second floor we would
12	have a conversation about a lift or an elevator
13	of some sort.
14	We're not at that stage at all.
15	Truthfully, right now the only stage we're kind
16	of looking at is having the approval to move
17	forward to have plans drawn up for you guys and
18	to change the fence.
19	MR. LONGO: Yeah, it's falling down.
20	MR. WILLIAMS: It's bad. I actually
21	put a temp fence up a construction fence to
22	kind of keep everybody away. So that is
23	probably the first thing I would immediately do
24	is to change the fence because that will get
25	somebody hurt.

MR. SABIA: Bedroom, a laundry room. MR. WILLIAMS: Yeah, it would stay a house is what we foresee, a small kitchen, a bedroom, maybe an office that would be a bedroom upstairs. MR.  but they have a commercial kitchen. MR. WILLIAMS: They are driving center and commercial kitchen. MR. LONGO: The back part of that property where it borders the alley, you have a lot of extra room there. Would you consider putting some parking there if you are going to use crosswalks? I go by every day and you can't even get through. 	14	overnight.

25 MR. WILLIAMS: We left the parking	24	can't even get through.
	25	MR. WILLIAMS: We left the parking

10 1 out because truthfully weren't sure where zoning would let us. I would love to put a 2 3 parking spot in. I feel like -- we keep trying 4 to add parking so the more cars that you can 5 get off Pine Street --MR. LONGO: That would only 6 7 better -- especially if you're going to look 8 for a crosswalk and the kids are going to cross 9 there coming out between cars is not a good idea. 10 11 MR. WILLIAMS: I absolutely agree. 12 So moving forward I know we were working with 13 KBA. We had a parking lot shown on our first 14 set of plans. And I said let's wait and see if 15 we get to talk to zoning to see. We would love 16 to add some parking, even if we get five spaces 17 off the back. 18 MR. LONGO: Yeah, I see you got 19 room, five, eight, whatever you could get. We 20 could give a conditional approval with the 21 parking, are you good with that? 22 MR. WILLIAMS: I'm absolutely good 23 with that. 24 MR. LONGO: I would be more at ease 25 to get cars off the road and they don't have to

11 1 cross between cars. 2 MR. WILLIAMS: Absolutely. I would 3 be okay with that. 4 MR. BRAZIL: What we would do is 5 where you have your crosswalk if you do alleviate some of the parking issues we can 6 7 post it, you know --8 (cross talking) 9 MR. WILLIAMS: We have been waiting 10 for them to make it permit parking for Pine 11 Street. We are fully ready to tell our 12 employees to get off the street. If you guys 13 do make it permit parking, that is not 14 affecting us at all. 15 MR. LONGO: That would be great so 16 the kids don't have to cross between. 17 ATTY. CLARK: That area is a 18 disaster. 19 MR. WILLIAMS: Anything we could do 20 on that end. 21 MR. BRAZIL: If you could add 22 parking spots in the back. 23 MR. LONGO: Put that in the motion 24 conditional approval upon adding parking spots 25 in the back as many as possible.

	12
1	MR. WILLIAMS: We could probably get
2	almost eight to ten.
3	MR. LONGO: At least eight.
4	MR. WILLIAMS: We'll have to look
5	but there might be some drainage that we have
6	to take care of because there will be some
7	runoff. That's not a problem.
8	MR. LONGO: Being that you're coming
9	right off the alley, there is no really traffic
10	through that alley except people living there.
11	You could probably just back right into the
12	alley, you know?
13	MR. WILLIAMS: Like I said, that's
14	what we were kind of waiting until we spoke to
15	you guys to see what our future plan could be
16	there because originally we would have loved to
17	make it a lot of parking. But then, like I
18	said, we do need some green space.
19	MR. LONGO: I don't have anymore
20	questions. Anybody else?
21	MR. YANISKO: I'm not designing
22	anything, but if it was more feasible to put
23	parking up front where the playground is?
24	MR. WILLIAMS: That is where we
25	originally looked was up the front because then

1	13 you could come off of Pine into the parking
1	you could come off of Pine into the parking
2	lot.
3	MR. LONGO: The only reason I'm
4	saying in the back, there is no traffic in the
5	alley so you could just back right out. It
6	will be your people and they could walk to the
7	back. Whatever works best is fine with me. I
8	just thought there would be more traffic on
9	Pine Street and you got that big curb in
10	MR. WILLIAMS: Yeah, probably
11	waterwise it's flatter in the back
12	MR. BRAZIL: The back you have more
13	room for parking.
14	MR. WILLIAMS: We do, yeah.
15	MR. LONGO: But whatever the
16	engineer thinks. We're not opposed to either
17	way.
18	MR. CUFF: I think it will
19	definitely be an improvement.
20	MR. LONGO: Anybody else, any
21	questions? Okay, motion for conditional
22	approval to allow the NEIU to move across the
23	street, use the existing house with an addition
24	for school purposes and add a parking lot to
25	the front or the rear, whatever works out the

	14
1	best and give us the most amount of parking and
2	playground as per the drawing.
3	ATTY. CLARK: Do you want to put in
4	there that it's at least eight spaces?
5	MR. LONGO: Sure. Can we say at
6	least eight spaces?
7	MR. WILLIAMS: We can say that. And
8	typically playground, we would usually refer to
9	like a sensory area. We usually do something
10	like where we could have a rubberized surface
11	where the wheelchair is utilized.
12	MR. SABIA: Like McDade.
13	MR. WILLIAMS: Very much like
14	McDade, yes, sir.
15	MR. LONGO: Okay. Do we have all
16	of that in the motion?
17	ATTY. CLARK: I'll fix it in the
18	minutes.
19	MR. LONGO: Should we redo it?
20	ATTY. CLARK: When she sends me the
21	minutes I could do it.
22	MR. LONGO: You could do it. Okay,
23	do I have a motion?
24	MR. SABIA: I'll make a motion to
25	approve.

-	
1	MR. LONGO: All right. Pete's got
2	the motion and a second?
3	MR. CUFF: I'll second the motion.
4	MR. LONGO: Second. Roll call.
5	MR. BRAZIL: Mr. Sabia.
6	MR. SABIA: Yes.
7	MR. BRAZIL: Mr. Longo.
8	MR. LONGO: Yes.
9	MR. BRAZIL: Mr. Yanisko.
10	MR. YANISKO: Yes.
11	MR. BRAZIL: Mr. Cuff.
12	MR. CUFF: Yes.
13	MR. LONGO: Okay. Great motion
14	passes.
15	MR. YANISKO: Good luck.
16	MR. LONGO: Motion to adjourn.
17	MR. CUFF: I'll make a motion.
18	MR LONGO: Everybody?
19	ALL MEMBERS: Aye.
